

The Weather

Cloudy with occasional rain likely late tonight. Low 40-45. Thursday rain, possibly changing to snow, and a little colder. High 38-47.

Argentine Jail Guards Mutiny, Seek Revenge

Prisoners Reported Slain After Killing Of 10 Policemen

BUENOS AIRES, Argentina (AP) — Mutinous prison guards bent on revenge for the slaying of their comrades went gunning for rioting convicts and kept crowded Villa de Voto penitentiary in a murderous uproar until 4 a.m. today.

Police sources said 10 guards were killed and four critically injured when 400 convicts tried to break jail and riot for 10 hours. After the convicts surrendered, more than 100 guards went on a rampage and killed or seriously wounded 19 prisoners, unofficial police sources said.

The 15 hours of rioting and gunfire in Villa de Voto's dark, damp cells and corridors finally ended about two hours after 100 guards, believed to have been most active in the vengeful retaliation, sped through the prison gates.

The rioting at Villa de Voto, where 2,100 transient prisoners and convicted criminals were being held, erupted at 1:15 p.m. Tuesday when six prisoners made a break for freedom.

They were armed with revolvers and pistols crudely assembled from smuggled parts.

They moved quickly, firing on guards and seizing 20 hostages, including a prison chaplain. The leaders were joined by the 400 inmates in two cell blocks and they barricaded themselves there.

Hernando Beiro, a hostage in one cell block, said the rioters told two captive guards to eat their supper and then shot them in the back.

A hostage in the other cell block said one ringleader wanted to shoot hostages but was restrained by other prisoners.

City Judge Leopoldo Insaurralde, sent to talk to prisoners at their request, returned after 15 minutes and reported the rioters were in an ugly mood and vowed to fight to the end. He said the hostages were in grave danger.

Wild shooting continued into the night, until Col. Miguel Paiva, director of penal institutions, announced at 10:20 p.m. that the hostages had been freed and "the mutiny is over."

He ordered the guards to take the ringleaders back to their cells unharmed.

It was then, reports from the prison said, that the guards rebelled against their orders and went on a manhunt.

Crying "We are the judges," and "We will kill them all," they invaded the cell blocks. At least four ringleaders were reported killed by a machine-gun burst.

Intermittent gunfire continued for more than four hours.

Director Paiva announced his resignation because his orders had been disobeyed.

Despite the confusion, officials said no prisoners escaped.

Louisiana Town Shuns U.S. Flag

VIDALIA, La. (AP)—Since federal troops moved onto the University of Mississippi campus more than two months ago, the American flag has not flown atop the Concordia Parish courthouse.

In its place flies the stars and bars, the battle flag of the Confederacy.

S. L. Winston Jr., head of the parish government, commented: "I'd say 75 per cent of our people are in favor of this."

The University of Mississippi, scene of violence when Negro James H. Meredith was admitted, is about 200 miles northeast of this Mississippi River town.

Oberlin To Get Grant

WASHINGTON (AP)—Oberlin, Ohio, will receive a \$20,000 Public Housing Administration loan for the planning of low-rent homes, the agency announced. One hundred homes are planned, including 40 for the elderly.

Skybolts Move To Center Of Stage

TALKS BETWEEN British Prime Minister Harold Macmillan, pictured in a car in Nassau, Bahamas, and United States President John F. Kennedy, scheduled originally to consider the general Western post-Cuba policy, now are centered on the U.S. decision to scrap the Skybolt missile (under the wings of a B-52 H bomber) program. Britain says the Skybolts are the main hope of Britain's existence as an independent nuclear power.

Congo Crisis Appears High On JFK-Macmillan Agenda

NASSAU, Bahamas (AP)—President Kennedy and British Prime Minister Harold Macmillan today began the first of their formal meetings of their little summit conference.

They were believed to be dealing with the possibility of a new crisis in the Congo.

The two leaders were smiling, but nevertheless appeared grave as they began their session in a luxurious seaside mansion at 9:50 a.m.

Indications were that a series of top-ranking problems would be taken up quickly, including the deep British-American contro-

versy over the future of the Skybolt missile.

The President was accompanied by Defense Secretary Robert S. McNamara and Undersecretary of State George W. Ball. The prime minister had with him Foreign Secretary Lord Home and Defense Secretary Peter Thorneycroft.

U.S. leaders reportedly feel there is a very real danger of a renewed Soviet thrust into the Congo should the crisis generated by the secession of rich Katanga Province lead to the collapse of the moderate Leopoldville government.

The British did not appear to

be as concerned as their American allies about the Congo prospects. One of Kennedy's aims at this meeting in this sun-splashed British island resort was to emphasize to Macmillan U.S. views of what might be done to defend the Congo against any new Soviet attempt at penetration.

A U.N. spokesman announced Tuesday night that the United States is sending an eight-man military mission headed by Lt. Gen. Louis W. Truman, a cousin of former President Harry S. Truman, to the Congo to survey the military needs of the U.N. force there prior to the supplying of more American equipment to the U.N. troops.

U.S. government sources here said Truman's mission would survey not only the equipment situation but also the whole military prospect. These sources did not exclude the possibility that in an extreme crisis the Kennedy administration would consider sending American forces to the Congo.

There was some speculation in the corridors here that one purpose of the U.S. move was to warn Moscow the U.S. government is alert to all possibilities in the Congo and ready for any eventuality.

The President and the prime minister met informally for an hour Tuesday afternoon, more or less in preparation for their brass-tacks meetings today and Thursday.

Earlier the two leaders conferred with their aides on matters to be discussed. These include the future of the Skybolt missile.

Britain has based her nuclear deterrent hopes on American development of the Skybolt, a long-range missile designed to be fired from bombers at targets a thousand miles away. President Kennedy has indicated he has decided against continuing development of the missile because of test failures so far and the prospective cost.

He is said to acknowledge Britain needs some alternative to the missile, and a search for that is part of his purpose here.

Kennedy, U.S. sources say, regards this meeting with the British leader as the most important of all the six he has had with Macmillan since he was elected president.

The reason for this is not only the urgency of the Skybolt problem—which is threatening Macmillan's political position at home—but also because of the whole range of pressing cold war problems.

The Kennedy-Macmillan discussions also will touch on such subjects as the Soviet-Red Chinese rift, the Chinese-Indian conflict, various problems of the NATO alliance, including the attitude of France and the growing sentiment for an independent European nuclear potential, the meaning of Soviet economic troubles, and problems involving the European Common Market.

Hope High For Freeing 1,113 Castro Prisoners

HAVANA (AP) — Prime Minister Fidel Castro "shares negotiators' high hopes" for a quick exchange of 1,113 Bay of Pigs prisoners for U.S. food and medicines, an official of a committee of prisoners' mothers said today.

This informant said conversa-

tion was very favorable in a new round of talks begun Tuesday night between Castro and a negotiating team led by New York attorney James B. Donovan.

Relatives of the prisoners hope they will be freed by Christmas. The committee official said

Mrs. Berta Barreto of Havana, one of the four negotiators, was told by telephone this morning: "Tell your husband your son will soon be free."

The official said Donovan might issue a statement some time tonight.

Parents and relatives received authority today, for the first time in seven months, to send clothing and food to the prisoners.

One parent said 20 boxes containing clothing would leave by Wednesday at the latest for the Isle of Pines penitentiary, where part of the captives are confined. The rest are held in Principe Prison, a colonial castle in Havana.

Castro's regime issued no communication and Havana newspapers carried no details on the talks, but informants said government circles considered the exchange was "in the bag."

Large stores of donated drugs and food were being assembled near Miami, Fla., in case the exchange goes through.

Donovan, who arranged the trade of U-2 pilot Francis Gary Powers for Russian spy Rudolf Abel early this year, arrived Tuesday on a third trip to Havana in his effort to effect the release of the Cubans captured in the invasion of April 1961.

With him were Alvaro Sanchez and Mrs. Virginia Betancourt, officials of the Cuban Families Committee, composed of prisoners' relatives.

They went to the home of Mrs. Berta Barreto, another negotiator and soon after Castro summoned them.

Mrs. Barreto said the prisoners (Please Turn To Page 2)

Guiding Star Satellite Is Orbed By U.S.

POINT ARGUELLO, Calif. (AP) — Transit 5A, the guiding star satellite which rocketed skyward with a brilliance visible for hundreds of miles, gave out a steady signal from its polar orbit today.

The signal will help ships and submarines determine their positions more accurately.

Seconds after Transit 5A's launch at 5:26 p.m. (PST) Tuesday, the colorful trial of the satellite's rocket booster reflected the setting sun's rays like colored skywriting.

It was seen by hundreds from San Diego to San Francisco, Calif., and one observer 900 miles away said he saw a glow in the sky at launch time.

The 140-pound satellite was launched atop the four-stage, solid-fuel Blue Scout rocket by the Air Force for the Navy. It went into orbit an hour and a half later. It was the first of two space vehicles launched from here within hours. A space probe, also utilizing a Blue Scout unit, was launched Tuesday night.

The Air Force did not reveal the payload of the second or the nature of its mission.

Transit 5A is to the first of a four-satellite network which by the end of 1963 should enable ships anywhere in the world to fix their positions quickly, in any kind of weather.

Such information is particularly vital to Polaris-launching submarines which must know their positions precisely before firing their missiles.

Current celestial navigation techniques require clear skies.

A brilliant fireball lit up the sky as the setting sun's rays bounced off the rocket while its third stage was ignited at 330,000 feet.

Police and newspaper office switchboards in cities within a 350-mile radius were deluged with calls from persons who saw the fireball and the sunset-tinted rose, green and white rocket exhaust which followed.

Trans World Airlines pilot Joe Nichols, approaching Albuquerque, said he saw the fireball linger on the western horizon.

In Long Beach, Calif., a father persuaded his children it was Santa Claus and his reindeer. Seven other Transit satellites have been launched previously as test vehicles from Cape Canaveral, Fla.

The solar-powered Transit 5A is designed to broadcast its position every two minutes. A ship or submarine receiving the information would measure the distance to the satellite by radar and from this compute its position at sea.

Shooting Death Ruled To Be Accidental

BOWLING GREEN, Ohio (AP) — The coroner's office returned a verdict of accidental death today in the fatal shooting last Sunday of John Walters, 21, of Toledo. Walters was target shooting in a woods in Wood County with a neighbor, Albert Naylor, 55, when the accident happened. Naylor told authorities he was holding the gun when it discharged accidentally.

LAFF-A-DAY

Jaycees Prepare For Home Judging

If the past is any criterion for the present, Washington C. H. will be bright with the Christmas spirit by Thursday evening.

Some, but not many, homes in the city already have been decorated with twinkling vari-colored lights and greenery, Santa Claus and reindeer groups and Nativity scenes for the annual Christmas home decorating contest sponsored by the Washington C. H. Junior Chamber of Commerce.

One of the Jaycees said it is likely that home owners, entering into the competitive spirit, have delayed putting up their decorations until the last minute. He commented that "this is the way it has been in the past."

JUDGING of homes will be started by four three-man teams of Jaycees at 5:30 p.m. Thursday. Each team will cover one of the four wards in the city, street by street, until about 8 p.m. to select at least three of the best in that ward. Then, they all will meet to compare notes before they combine forces for another tour to make the final decisions.

Plaques will be presented for the best decorated home in the city and for the best in four special categories: most effective lighting, best religious theme, best homemade arrangement and the most novel.

PRESENT PLANS call for presenting the plaques Thursday night, unless the judging takes longer than expected. The Jaycees expect to reach their decisions by 10 p.m.

Richard Walters (phone 335-5649), Jaycee committee chairman, and David Adams (335-4258), Jaycee president, said homeowners who want to make sure their decorations are not overlooked may call them by 5 p.m.

'Black Box' Idea Rejected By U.S.

GENEVA (AP) — The United States rejected today the Soviet proposal for using robot seismic stations—black boxes—to control a ban on nuclear weapons tests.

U.S. Ambassador Arthur H. Dean told the 17-nation disarmament conference the Soviet proposal was "vague and foggy," and the United States is not prepared to accept "an unworkable system of black boxes in our Christmas stocking."

Dean said Soviet negotiator Semyon K. Tsarapkin's consistent refusal to discuss any technical details of the robot stations "leads us to believe that the Soviet Union itself does not know how these black boxes would work."

New State Youth Services Agency Urged By Advisers

COLUMBUS, Ohio (AP)—A new state office—administrator of children and youth services — has been recommended after a 10-month study by a special commission named by the governor.

Clarence V. Tittle, executive secretary, said today the 22-member Ohio Commission on Children and Youth has submitted its final report to Gov. Michael V. DiSalle and Gov.-elect James A. Rhodes.

"It is hoped the report will receive consideration during the 1963 session of the Ohio General Assembly," Tittle said.

Essentially, these are the recommendations included in the report:

1. The office of administrator should be created, the appointment to be made by the governor with Ohio Senate approval for a six-year term. Pay would be "a cabinet-level salary" or presumably at least \$14,000 annually, and there should be such assistants and staff "as are reasonably necessary."
2. The administrator would co-

ordinate children and youth programs of state agencies, and other public and private youth services, and encourage public understanding. The report comments that "the average citizen and taxpayer has relatively little understanding of services and programs for children and youth in Ohio."

3. A 15-member advisory commission, meeting at least six times a year and serving three-year terms without pay, should be named by the governor on a non-partisan basis. It would study the scope and cost of existing youth programs, serve as a clearing house for useful ideas and "draft a blueprint of long and short range objectives."

4. Such possibilities as expanding vocational home economics training, placing pre-school and kindergarten education under supervision of the State Education Department, expanding local school record systems to encourage youngsters to continue their education as far as possible, and forming local groups to study youth problems should be studied.

Outgoing Gov. Michael V. DiSalle, balked at obtaining release of the transcript of the defunct grand jury, has set up a procedure which could result in obtaining much of the key testimony "on the record."

DiSalle's liquor director, George R. Dick, has scheduled for Jan. 4 a hearing on a citation to revoke the solicitor registration credentials of James M. Carroll, Columbus distillers' agent.

Carroll is one of the men involved in allegations made last October, in the midst of the gubernatorial campaign, by Joseph H. Makler of Chicago, head of Waterfill & Frazier Distilling Co. Makler asserted in a letter to Dick that he had been forced in 1959 to do business in a Columbus hotel room to get Waterfill & Frazier liquor brands listed for sale in Ohio's monopoly stores.

The grand jury investigation asked by DiSalle collapsed when it was learned the jury foreman had a criminal record. DiSalle declined to order another grand jury impaneled, asking instead, that the record of the defunct grand jury be made public.

It is expected that, in connection with the citation against Carroll, that Makler's deposition will be taken to back up allegations he made in his original letter. Such depositions are public records. Makler would be required under oath to name the persons he included in his original charges of influence peddling.

It is planned also to take the depositions of Miss Wilma Bates, Makler's secretary; Oscar Goetz, president of Barton Distilling Co., and William R. Carroll of James M. Beam Distilling Co.

Also named in Makler's original letter were George Flannigan, Dayton Democratic leader, and Gilbert Bilienik, president of the now-defunct Famous Brands, Inc. Flannigan has filed a libel suit against Makler in Chicago.

Coffee Break..

YOUNGSTERS attending the Business and Professional Women's Club Christmas party at Washington Country Club were straightened out on one misconception...

Santa is not a fat little man. He's a BIG man... It was reported he stands about six feet two inches tall and weighs about 275 pounds...

And the great man didn't drive up to the country club in a sleigh either... Maybe this was because there wasn't enough snow... Observers said he arrived in a Fayette County sheriff's cruiser...

CITY MANAGER David Foell and Mrs. Foell were understandably surprised Tuesday night when they showed up at a get-together in the Rendezvous Room and discovered it was a going-away party in their honor...

Present were the seven councilmen and their wives, Chairman and Mrs. R. S. Sanderson Jr., Mr. and Mrs. Herbert Wilson, Mr. and Mrs. David M. Matson, Mr. and Mrs. John D. Murphy, Mr. and Mrs. James Shoemaker, Mr. and Mrs. Luke Musser and Mr. and Mrs. Ralph Cook, as well as City Solicitor and Mrs. William M. Junk and City Auditor and Mrs. Clarence A. Christman Jr...

Sanderson, the master of ceremonies, presented Foell with a desk piece—a combination clock and barometer—with an appropriate inscription. He also saluted Foell for an outstanding job during his four years as city manager of Washington C. H...

Foell leaves at the end of the year to become city manager of Oakwood...

YOU MAY DISAGREE with your school board occasionally, but you'll have to agree that board members aren't overpaid for their time and headaches...

For instance, the five members of the Washington C. H. Board of Education received their annual "salary" this week—checks in the amount of \$36 each...

This was in payment for 33 formal meetings, spreading over 65 hours, and 10 informal discussion sessions, most of which last more than three hours... That doesn't take into consideration the many hours board members spent individually on school problems of one kind or another...

Not too many people take their civic responsibilities seriously enough to run for office and then work for a wage which wouldn't average much more than 25 cents an hour...

Just in case you'd like to wish those city school board members a Merry Christmas, they are Milbourne (Pete) Flee, president; Fred Domenico, Elmer Reed, Charles Meriweather and Harris Willis.

JFK May Be Kindling FDR's Old Fireside Chat

WASHINGTON (AP) — President Kennedy may have kindled a new version of the old fireside chat when he let the American people look in and listen to an interview he had Monday night in his White House office.

It was the late Franklin D. Roosevelt who came up with the idea of establishing direct communication with people by the millions. In the 1930s and 1940s his mellow voice and rolling phrases were heard periodically on radio — reports to the nation

that became known as fireside chats.

There were some likenesses and differences in comparison with Kennedy's televised interview for three reporters Monday.

One similarity: FDR always used to sit at a desk and talk into microphones; Kennedy sat in a chair — a rocker — and an inconspicuous microphone hung around his neck.

But Roosevelt's addresses were one-man efforts, whereas a four-some was involved in Monday night's program. And television,

of course, added the extra dimension of sight lacking in the days of FDR. The Kennedy interview was carried on radio as well.

Roosevelt always spoke from texts. Kennedy had no text whatever, and the White House said he was given no inkling of the specific questions to be put to him.

The fireside chats of Roosevelt enabled the president to talk to the people direct about a special problem at a special time.

Kennedy's session with network

newsmen brought such wide-spread expressions of interest and approval that it seems likely the format may be used again, perhaps with variations.

There wouldn't be too much surprise about Washington now if the President substituted the small, televised interview for some of the catch-as-catch-can news conferences he holds in the formal, theatrical setting of the State Department auditorium.

For another view on this subject, see James Marlow's column on Page 4.

Deadline Nears For Police Test

15 Men Sign Up For Saturday Exam

Fifteen men have taken out applications for the City Civil Service examination to be conducted Saturday night to create an eligibility list from which two vacancies on the police department will be filled.

City Auditor Clarence A. Christman Jr., clerk of the commission, said the applications must be returned to his office by closing time, 8:30 p.m., Friday.

The written examination will be conducted starting at 7 p.m. Saturday. Those passing the written examination will be eligible to take physical and oral examinations.

Three men with passing scores are required to establish the eligibility list. One man received a passing score in the examination held several weeks ago.

Eligible are men between the ages of 21 and 30 who can establish residence in the city within one year after receiving the appointment.

Pay is \$76 a week for the first 90 days, \$81 for the remainder of the probationary period of one year. On receiving a permanent appointment the pay for patrolmen is \$85.05.

Higher Social Security Rate Applies Jan. 1

A new rate of social security payroll deductions will go into effect starting Jan. 1, 1963, the Social Security Administration reported.

The new rate is 3 1/2 per cent, an increase of one-half of one per cent over 1962. It will be deducted from income up to \$4,800 a year. Detailed explanations are available without charge at the office of the Washington C. H. Area Chamber of Commerce, 203 N. Main St.

The Social Security administration reported that 2,141 residents of Fayette County received social security benefits in 1961. These benefits totaled \$127,363 a month or \$1,528,356 a year.

It was announced that because of the Christmas holidays the Social Security representative will not be in the court reporter's office in the Fayette County Courthouse next Wednesday. His next weekly visit will be on Wednesday, Jan. 2.

Miami Trace Cooks Have Annual Party

Cooks in the Miami Trace District schools gathered in the high school cafeteria Tuesday evening for their annual potluck supper and Christmas party.

The six cooks at the Miami Trace High School, Mrs. Charles Burke, Mrs. Walter Carman, Mrs. George Garring, Mrs. Roy Love, Mrs. Charles Mitchell and Mrs. Leonard Slager, were hostesses to the other 22 cooks and five guests.

The serving table was centered with an arrangement of red candles surrounded by white poinsettias and the three long dining tables were gay with red poinsettias and red candles to carry out the Christmas theme.

Following the dinner, there were games and group singing and a \$1 gift exchange around the brightly decorated tree. Mrs. Garring, without the flowing white beard and the fur trimmed red suit, played Santa Claus.

The guests were Walter W. Boyer, Miami Trace executive head; Mrs. Senath Thompson, clerk of the board of education; Forrest Lansing, custodian, and Mrs. Lansing; and Mrs. Hazel Coe, a retired cook.

Prizes in the contests were won by Mrs. Jean Stokes and Mrs. Ethel Henry.

Yule Songfest Set 7:30 P. M. Dec. 27

Plans for the 14th annual Christmas songfest at the home of Mr. and Mrs. Roy Wipert, CCC Highway -W, have been completed. It will start at 7:30 p.m. Dec. 27.

Mrs. Wipert said songfesters should come prepared to ask for a song with something they would like to have for Christmas mentioned in the title. Or, better yet, she said, would be for them to come prepared to sing it.

Otherwise, Mrs. Wipert said the program will be impromptu. This will be the 88th songfest held at the Wipert home.

For refreshments, there will be "finger food" brought by the singers.

Mainly About People

Floyd Lyons, 725 Maple St., is a surgical patient in Mercy Hospital, Columbus. His room number is 146A.

Deaths, Funerals

Mrs. Effie Kirby

SABINA — Mrs. Effie Kirby, who spent most of her life in the Lees Creek and Memphis communities, died at 9:15 p.m. Tuesday in the home of her daughter, Mrs. Choloris Conklin in Trotwood, where she had made her home for the last 18 months.

Her husband, Alva Kirby, died in 1958.

Besides her daughter, she is survived by two sons, Vaughn Kirby, of Cincinnati, and Arthur Kirby, of Springfield; 12 grandchildren and 20 great-grandchildren. She also leaves a sister, Mrs. Wilmer Rheomus, near Sabina.

Services will be held at 2 p.m. Friday in the Littleton Funeral Home here. Burial will be in Lees Creek Cemetery.

Friends may call at the funeral home after 2 p.m. Thursday.

Mrs. Della T. Glover

JAMESTOWN — Mrs. Della Turner Glover, 74, Jamestown, died at 12:30 a.m. Wednesday in Greene Memorial Hospital, Xenia, where she had been a patient a day.

She was a native of the Jamestown community and a member of the Pleasant View Church of Christ.

Her husband, Fred Glover, died in 1950.

She is survived by a daughter, Mrs. Ralph Green, Jamestown; two grandchildren and three brothers, Clinton and Albert Turner, of Jamestown, and Leo Turner, of Xenia.

Services will be held at 2 p.m. Friday in the Powers Funeral Home here. Burial will be in Jamestown Cemetery.

Friends may call at the funeral home from 2 to 4 and 7 to 9 p.m. Thursday.

RFK's Brazil Trip Points Up Concern

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy's underhanded trip to Brazil has underlined sharp U.S. concern with that country's deep economic and political problems.

The attorney general returned to Washington Tuesday after conferring in Brasilia, Brazil's capital, with President Joao Goulart. It was believed he emphasized Washington's worry over the Goulart administration's failure to stem a ravaging tide of inflation.

President Kennedy has also signaled his concern over Brazil's problems—a key nation in South America because of its size and influence.

Within the past few weeks the President has had a series of conversations with such figures as Adhemar de Barros, newly elected governor of Sao Paulo; former president Juscelino Kubitschek, and the U.S. ambassador to Brazil, Lincoln Gordon.

The attorney general expanded a trip to Panama in order to make the 12-hour visit in Brazil. The communique which followed the 3 1/2-hour Kennedy-Goulart discussion was the usual diplomatic statement that the talks were "useful."

The attorney general was unavailable for comment on his return.

Ruling To Force Bunny Girls To Hop Sans Music

NEW YORK (AP)—Those luscious bunny girls can continue hop-hop-hopping along at New York's new Playboy Club, but not to live music.

The city's license commissioner, Bernard J. O'Connell, says the bunnies are "scantly clad" to lure prospective customers, and he doesn't think the club deserves a cabaret license.

His ruling Tuesday need not halt the flow of alcoholic beverages at the plush \$3-million club. It only prohibits entertainment.

The bunny girls, the trade mark of Playboy clubs, get their names from their costumes, featuring bunny ears and cottontail attachments.

The club, like others of its kind, is an offshoot of Playboy magazine, where the bunnies originated as cheesecake models known as Playmates.

Foul Weather Brings Jump In Idle Claims

COLUMBUS, Ohio (AP)—New claims for unemployment compensation jumped from 18,789 in the week ended Dec. 8 to 31,478 in the week ended Dec. 15—but it was the weather which caused the big jump, the Bureau of Unemployment Compensation reported today.

William Papier, the bureau's chief statistician, said northern Ohio's big snow storm made it impossible for claimants to report during the week of Dec. 8 and their reporting dates were delayed, causing the bigger buildup.

High Court Shuns Review Of Blue Law

COLUMBUS, Ohio (AP) — The state supreme court refused today to review another case alleging violation of Ohio Sunday closing laws.

The high court recently dismissed an appeal from the conviction of the manager of a discount store near Elyria. Two other cases are pending on appeal from Elyria and Euclid municipal courts. Hearing dates for those two may be set early next year.

The latest appeal was by Morris Rapoport, manager of the Big Town Super Mart, Inc., a retail and general hardware store in North Ridgeville, Lorain County. He claimed the statutes, revised in 1959, still are ambiguous.

Rapoport was fined \$25 for sale in his store of a mail box and a night light to Herbert Eglinski and Howard Foxman on Sunday, June 18, 1961.

In upholding the Elyria Municipal Court conviction, the appellate court said "there can be no question but that the statute is a constitutional and enforceable enactment of the legislature of Ohio."

Ohio's so-called Sunday Blue Laws, dating back 131 years, ban commerce on Sunday, except for "work of necessity or charity" and those who observe the Sabbath on the seventh day of the week. But the exemptions have brought conflicting court interpretations.

TV Stars Campaign In Marietta

MARIETTA, Ohio (AP)—Two stars of the National Broadcasting Co.'s condemned "It's a Man's World" drama series brought their nationwide campaign to save the show to Marietta and neighboring Parkersburg, W. Va., Tuesday night.

Background scenes for the weekly shows were filmed here earlier this year, and actors Ted Bessell and Randy Boone came to receive honorary memberships in a Marietta College fraternity.

A crowd of about 150 students rallied around Bessell and Boone and piled into autos for the 14-mile drive along the Ohio River to Parkersburg. There they demonstrated for about a half-hour in front of WTAP-TV the television station which airs "It's a Man's World" to this area.

NBC has announced intention to drop the show in February in favor of full-length movies already shown in theaters.

Bessell plays "Tom-Tom DeWitt" in the series, and Boone plays "Vern Hodges."

Peter Tewksbury, director of the show, has claimed the support of large organizations all over the country in the protest over discontinuance of the show. He and others involved say NBC has gotten 450,000 letters demanding the series be reinstated.

Mortgagor Is Curbed By State Ruling

By THE ASSOCIATED PRESS

The holder of a chattel mortgage cannot legally break into premises to take possession of chattels on which mortgage payments are in default, the state supreme court held today.

The unanimous decision upheld an appellate court reversal of a decision favoring Harter Bank & Trust Co., Canton, in a suit by Carl Hileman to recover damages for trespass at his residence, 804 Marion Ave., S. W., Canton.

The bank obtained the mortgage on a washing machine purchased by Hileman, who defaulted on payments. A bank employee removed a screen at Hileman's residence to enter the property and repossess the washer.

A mortgage clause provided that upon default and failure of the mortgagor to return the chattel, the mortgagee may "with or without the aid of legal process, make use of such force as may be necessary to enter upon, with or without breaking into any premises where the chattel may be found and take possession thereof."

Common Pleas Court of Stark County held for the bank but an appellate court reversed and ordered a new trial. The supreme court affirmed the appellate court order.

Modified Polaris Shot Proves To Be Success

CAPE CANAVERAL, Fla. (AP)—A Polaris A2 submarine missile, modified to carry the guidance system for the advanced A3 model, was launched on a successful 1,500-mile test flight today.

The Navy said the missile, fired from a land pad, met all objectives on the early morning flight. The major goal was to check the sophisticated, lightweight Mark 2 guidance being developed for the follow-on missile.

PEOPLE In The News

By THE ASSOCIATED PRESS

Comedian Bob Hope and a troupe of Hollywood entertainers left Los Angeles today on Hope's 11th Christmas tour for American troops overseas.

Soldiers stationed along Korea's bleak 8th parallel will watch on Christmas night by closed television circuit.

The Hope show features such stars as Lana Turner, Janis Paige, Anita Bryant, Jerry Colonna, Pete Leeds and Les Brown's band.

Since only a portion of the 28,000 GIs in Korea could attend the Hope shows, a closed circuit telecast was arranged to take the show to the front lines.

William Leonhart, U.S. ambassador to the Tanganyika Republic, presented his credentials to President Julius Nyerere at Dar es Salaam.

Gov. Edmund G. Brown was presented in Sacramento with a cake in the shape of the United States—with California forming a top layer. The governor, who claims California recently surpassed New York in population to become the most populous state in the union, sliced off the tip of Florida and quipped: "Maybe we ought to cut New York off next."

Police Dogs Get Nod In Cincy Probe

CINCINNATI (AP) — Police-men using Canine Corps dogs were not guilty of unnecessary brutality in breaking up a disturbance during which eight persons were bitten, a special investigating committee has concluded.

City Manager C. A. Harrell concurred with the committee's report Tuesday and told Council the probe showed the dogs never were unleashed and there was no evidence the animals were allowed to attack anyone more than once.

The Cincinnati chapter of the National Association for the Advancement of Colored People asked for the investigation after the incident last May 13.

Trouble erupted in a West End street after patrolman John Virgin broke up a fight between two women. Virgin had a dog. When a crowd gathered and became menacing, another officer and dog were sent to the scene with other reinforcements.

Three persons later were convicted of disorderly conduct.

The committee of three city officials said in its report that use of the dogs doubtless prevented more serious injuries to the people involved.

Chest X-Ray Unit Coming Here Jan. 7

A mobile unit will come to Fayette County to give free chest X-rays for four days, Jan. 7-11, it was announced by the Fayette County Tuberculosis and Health Association Wednesday.

The unit will come in just seven days after the annual Christmas Seal sale campaign comes to an official close. Part of the money from the Christmas Seals goes to finance this project.

A schedule of times and locations for the X-ray unit while it is here is being worked out now. Mrs. George Finley, executive secretary of the association, said.

Contributions for Christmas Seals amounted to \$4,854.04 by Tuesday evening. They came from 2,371 of the 5,282 homes and places of business which were sent 300 seals each on Nov. 13. The goal is \$5,200.

Mrs. Finley said the association directors hope those who have not made contributions will "make them as soon as possible," because the campaign is scheduled to end Dec. 31.

Bowling Green Medic

'Guilty' In Abortion

BOWLING GREEN, Ohio (AP)—Dr. Dallas E. March, 60, a Bowling Green osteopathic physician, was found guilty by Common Pleas Judge Floyd A. Collier today of performing an illegal abortion on a Toledo woman. Sentencing was deferred pending a probation investigation.

Dick Powell Suffers Anew From Cancer

HOLLYWOOD (AP)—Actor-producer Dick Powell is in severe pain from a cancer that apparently has spread to his lower back, his physician says.

Dr. John C. Sharpe said Tuesday that Powell, 57, is under almost continuous sedation.

Dr. Sharpe said the malignancy, although not detectable by X-ray, apparently has spread to Powell's lower back.

The physician said cobalt treatments have practically cleared up cancer in Powell's lymph glands and upper right chest cavity, where it was first discovered.

Powell entered a hospital Nov. 27, for treatment of what was then believed to be a muscle spasm resulting from a heavy cold.

Powell revealed last October that he was suffering from cancer.

He and his wife, actress June Allyson, and their two children, recently sold their Beverly Hills home. They moved into an apartment this week.

Drug Makers May Get Tax Relief For Aid

WASHINGTON (AP)—The Kennedy administration is considering giving drug manufacturers a \$25-million tax deduction on medicines donated for the proposed Cuban prisoner exchange.

Administration sources said that if this deduction is granted, it would be based on the wholesale value of drugs assembled for shipment to Cuba by Fidel Castro released 1,113 captives of the ill-fated 1961 Bay of Pigs invasion. The retail value of the drugs is \$52 million.

The tax deduction proposal was worked out within the administration after key members of Congress had made it clear they would not go along with the direct use of federal funds for the payment of what they called ransom.

Previously the administration had unsuccessfully sought clearance of influential members of the House and Senate appropriations committee to put up \$13.5 million in available Central Intelligence Agency funds to pay for medical supplies.

It was stressed in administration quarters that the tax deduction proposal awaits final, official approval.

Among other things, a ruling will be required by the Internal Revenue Service that the contributions are deductible.

Mona Lisa Arrives In New York

NEW YORK (AP)—The woman with the world's most famous smile—the Mona Lisa — arrived here today to a royal welcome amid security precautions befitting the queen of the art world.

Shortly afterward, the Leonardo da Vinci painting was placed in a small, black, air-conditioned van, heavily escorted, for the trip to Washington, D.C. There, she is to be exhibited at the National Gallery of Art. President Kennedy will officiate at the opening Jan. 8.

For the crossing, the painting was given a two-room first-class cabin that normally would cost more than \$2,000, sharing it at intervals with four members of the French security police who accompanied it here as a guard.

In addition to protection provided by local police, White House press secretary Pierre Salinger announced that the painting was being given the same Secret Service protection normally reserved for a president of the United States.

Two Forfeit Bond In Traffic Cases

Two traffic offenders who failed to appear in Municipal Court Wednesday forfeited bond.

They were David R. Kohler, 18, Lancaster, \$20, speeding 80 miles per hour in a 60-mile zone on the CCC Highway-E, and Lewis Andrews, 38, Midway, Ga., \$15, failure to heed a red light at East and Fayette Sts.

Ohio Science Academy Gets \$5,000 Grant

COLUMBUS, Ohio (AP)—The Ohio Academy of Science has received a Christmas grant in the form of a \$5,000 grant from the Charles F. Kettering Foundation, Dayton, the Academy announced today.

The money is to be used for assistance in implementing the Academy's 1963 program.

HOW THE WEATHER LOOKS

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Ohio temperatures reached a low point before midnight Tuesday, then began to rise. Toledo dropped to 22 but by 6 a.m. was up to 39. Columbus had a low of 31 but was up to 39 by 7 a.m.

Overcast skies prevented fog formation such as occurred Tuesday. The cloudiness will thicken and lower today, and rain will move into Ohio tonight.

Today probably will be one of the mildest days of the month with afternoon temperatures reaching the 50s and low 60s.

A cold front will move through the state tonight or Thursday, and temperatures will begin to fall as winds turn to northerly.

OHIO FIVE DAY FORECASTS

SOUTHERN & CENTRAL
OHIO — Temperatures will average near normal. Normal high 38-45, normal low 22-27. A trend to colder through Monday. Precipitation will average about one-fourth inch central to a half inch south mainly Thursday and Friday, and about first of week.

Castro Prisoners

(Continued from Page 1)

mandated and a pledge for the balance.

The Air Transport Association, an organization of aviation executives, said eight domestic airlines were cooperating to transport 600,000 pounds of supplies to Florida at the request of the Red Cross.

Eight trucking firms were moving 420,000 pounds of supplies to Opa-Locka free of charge.

The 435-foot freighter, African Pilot, loaded by the Farrell Lines to the Red Cross, was steaming to Port Everglades, Fla., to pick up the load if the exchange is completed. Fifteen shipping companies had combined to finance the water transportation.

Paul Willis, president of the Grocery Manufacturers Association, said his organization had taken charge of soliciting food from manufacturers and "the response has been very generous."

The Pharmaceutical Manufacturers Association coordinated drug donations.

may be freed soon — "God willing."

Sources close to the negotiators said the prisoners, if freed, probably will be flown to Miami in chartered planes.

Castro demanded \$62 million for their liberty but agreed later to take food and medicine instead of cash.

Havana relatives of the prisoners perked up on hearing reports from the United States of the shipment of tons of these supplies to Opa-Locka airfield near Miami.

The reports included these details: Castro demanded \$23 million worth of drugs, \$6 million in equipment, \$9.5 million in powdered milk and \$14.5 million in baby foods. He supplied long lists of the drugs wanted. This totals only \$53 million at manufacturers' list prices, but Donovan said some time ago Castro could put his own value on the stocks.

It was understood the prisoners would be released on delivery of 20 per cent of the amount de-

10 MILLION WATTS PER SQUARE INCH—Any substance known to man can be vaporized by tremendous energies released by the electron beam inside this glass dome at General Electric's engineering laboratories in Schenectady, N.Y. Capable of pinpoint control never achieved before, the apparatus was developed by Dr. L. H. Stauffer (shown). The device has produced electron beams up to 30 inches long—representing, in the narrow tip, a power concentration of more than 10 million watts per square inch.

Johnson Plays Quiet, Strong Role In U.S. Government

EDITOR'S NOTE—Almost two years ago Lyndon B. Johnson stepped out of the limelight that focused on him as Senate leader and into the supporting cast as vice president in the Kennedy administration. What has he been doing? How strong is his position? Jack Bell, chief of The AP Senate staff, analyzes the situation.

By JACK BELL
WASHINGTON (AP)—In quiet contrast to the fanfare which marked his years as a Senate leader, Vice President Lyndon B. Johnson is digging deeper into government than any predecessor.

With the encouragement of President Kennedy, Johnson has branched out from the relative vacuity of his constitutional duty of presiding over the Senate to take a hand in major administrative fields.

By all appearances, Johnson, the one-time whip-cracker of the Senate, has become a cheerful lieutenant to the man he once thought was too inexperienced to be president.

Kennedy has gone out of the way to reciprocate by giving Johnson on-the-job training in the executive department far beyond that to which former Vice President Richard M. Nixon pointed in his unsuccessful bid for the presidency in 1960.

The restless energy which always has driven the rangy Texan spills out now in his work as a member of the "insiders" executive committee of the National Security Council, his statutory task of presiding over the Space

Advisory Council, his chairmanship of the Committee on Equal Employment Opportunities, his job as head of the Peace Corps' advisory council and his participation in Cabinet sessions.

Kennedy has sent Johnson as his representative to 22 foreign countries and tabbed him to preside over an international manpower conference.

In other days, it used to be something of a news story when a vice president was called to the White House to confer with his chief. Johnson is in and out of the place almost daily, participating in the high policy decisions.

Johnson, for example, knew almost as soon as Kennedy did that the Russians had shipped offensive missiles into Cuba. The vice president is represented as having stood for vigorous counteraction.

Johnson walks with careful steps on Capitol Hill. He is presiding officer but not a member of the Senate. He served in the House and Senate long enough to avoid the pitfalls of an outsider trying to tell members what they ought to do.

That, perhaps, is the key to the Johnson operation: Keep your balance sheet clean, take on any job you're asked to do, but don't get tagged with empire building.

More than one million persons in the United States have some kind of speech defect.

There was little change in farming methods between about 300 B. C. and the 18th century.

Cincy Dems Boss Rapped By Colleagues

CINCINNATI (AP)—Opponents of John A. Wiethe, Hamilton County Democratic Party chairman, are accusing him of criticizing Cincinnati's city manager form of government in an effort to hide his own shortcomings.

Wiethe told the party executive committee Saturday that Cincinnati was 10 years behind the times because it operates with that type of government.

Three Democratic councilmen, John J. Gilligan, Thomas C. Spraul and Phil C. Collins, declared in a joint statement Monday that a return to the "strong mayor" system would bring back old-type political bosses.

"This we could not in good faith countenance," the councilmen said.

"The obvious motive for Mr. Wiethe's preposterous suggestion is to distract the attention of local Democrats from his unbroken record of failures as a political leader in Hamilton County," they asserted.

Hamilton County Democrats fared no better than their fellows elsewhere in Ohio in last month's general elections. Only one of nine Democratic candidates for the Ohio House of Representatives won, and Republicans kept both Hamilton County seats in the U. S. Congress.

The Democrats' defeat has caused some criticism of William L. Coleman, Ohio Democratic chairman, and Wiethe has been mentioned as a possible successor. The three councilmen have opposed Wiethe before.

32 G-Men Seek Columbus Robbers

COLUMBUS, Ohio (AP)—The FBI disclosed today it has 32 agents scouring Columbus in an effort to apprehend the men responsible for robbing four Ohio Federal Savings & Loan Association shopping center offices in the last month.

The Ohio Federal president, Arthur Allen, meanwhile announced his company was offering a \$5,000 reward for information leading to the identity of the men responsible.

The last two of the robberies were staged last Friday, when gunmen escaped with loot estimated at \$34,700. One gunman appeared at each of the holdups in the East Broad Street and South High Street offices.

The Grand Canal of China is the longest in the world.

Seven out of 10 persons are right-eyed for sighting a gun.

Drugs Proving Effective In Mental Ill Treatment

EDITOR'S NOTE—Drugs have proven useful treatments for various mental illnesses. Here is an up-to-date report on their effectiveness and on the controversial evidence that much mental illness may stem from faulty body chemistry and not traumatic psychological situations. Third in a series of five special reports on mental health.

By ALTON BLAKESLEE
AP Science Reporter

NEW YORK (AP)—"The devil still talks to me," she said, "but I don't bother to holler back."

Thus did a tranquilizer drug bring one woman a ticket back toward mental health. From then on, she could cooperate with psychiatrists to work out an understanding of her emotional illness.

The "mood drugs," such as tranquilizers to calm excited minds and psychic stimulants to combat depression, are part of an exciting chemical era in mental illness. There are two great objectives.

One is to develop far more effective drugs for various types of mental illness.

The other is increasing, if controversial, evidence that much mental illness may stem from faulty body chemistry.

If specific chemical errors could be pinpointed, they probably could be corrected to prevent or cure mental ills, much as vitamin C combats scurvy.

Psychiatrists are divided over prospects of such chemical controls.

Tranquilizers, coming on the scene about eight years ago, and antidepressants, are having tremendous impact. Men and women sick for months or years have described the mental effects as the lifting of a curtain or cloud, or brightening of a dark room.

Drugs have provided a bridge to home for many thousands of men and women. Many continue taking them.

With early, prompt use of drugs, through clinics or private

physicians, many persons would never have to go to mental hospitals in the first place, declares Dr. Nathan S. Kline, director of research at Rockland State Hospital, New York.

Other psychiatrists are less convinced of the value of drugs—some 30 different tranquilizers and more than a dozen antidepressants are available now. Some say equally good or better results are obtained with intensive psychiatric treatment of patients, but admit to the shortage of psychiatrists.

The National Institute of Mental Health has set up the Psychopharmacology Service Center to speed the screening and testing of new compounds.

To many researchers, a great, encouraging fact is that mood drugs do affect the brain, even though the mechanisms are not fully understood.

And certain other drugs, such as mescaline and LSD, actually produce hallucinations or other symptoms of severe mental illness in healthy persons—more reason to suspect that faulty body chemistry could be the reason for at least some types of mental illness.

In another sign, scientists have found abnormal chemicals, or abnormal amounts of regular body chemicals, in the blood and urine of schizophrenic patients. Whether these are the result or, possibly, the cause of mental illness is not yet known.

A few conditions now are known in which an inherited chemical defect or dietary deficiency causes mental retardation in children. Damage is avoided if the trouble is detected in time.

In the traditional view, mental illness is born from breakdown in human relationships, or from extreme emotional stress. The wounded mind may withdraw, or turn to behavior relieving its stress and pain. Some scientists believe mental illness is a result of both environmental reactions and faulty chemistry.

Psychotherapy presents puzzles. It is a method of listening to patients and helping them discover reasons for their behavior, and new insights. There are many approaches.

But psychiatrists do not understand how it works, or why one method helps some patients, but not others. It is difficult to prove conclusively that psychotherapy works at all.

Research dollars are increasing. This year about \$75 million is being spent in research by the institute, the National Association for Mental Health, state governments, universities and other organizations.

The best wool from sheep comes from the shoulders and sides.

The Alaska highway cost about \$138 million to build.

Call Frank Carevale And 4 Fellows Answer

ROCHESTER, N.Y. (AP)—It probably was confusing Monday for any guest at the Carevale birthday party Monday who was not either a member of the family or a close friend.

The special guests were Frank Carevale, Frank Carevale, Frank

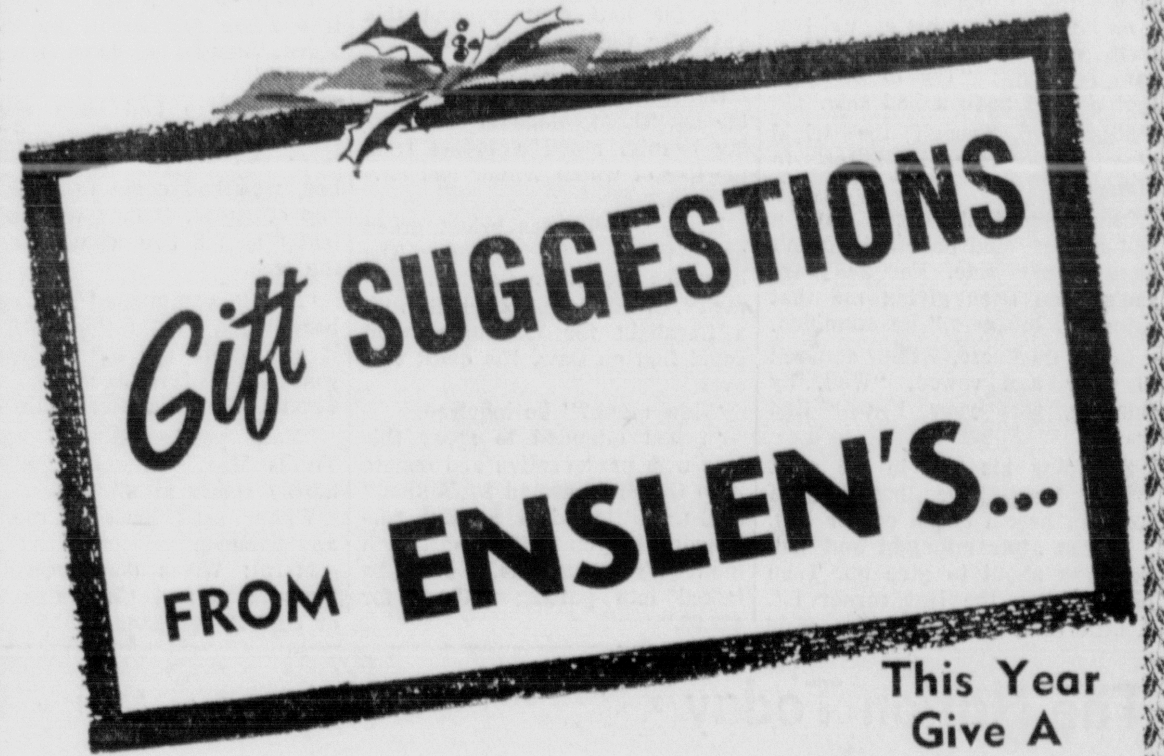

Carevale and Frank Carevale. Specifically Frank Carevale was celebrating his 90th birthday, and his great-grandson, Frank, was celebrating his first. Also attending as special guests were the elder Carevale's son, Frank and grandson, Frank.

Christmas Precautions

Evergreen boughs on the mantel are a lovely addition to the Christmas decor. Evergreen boughs on the mantel may be touched off in a disastrous blaze.

Candle light, and the fragrance of scented candles, heighten the pleasure of this most celebrative season of the year. Candles, especially in a household not accustomed to their use, can be a source of trouble.

Christmas would not be Christmas without a tree glowing with points of colored light. A Christmas tree can swiftly become a flaming torch.

So make the boughs over the fireplace

secure. Place those candles where little hands will not tip them over, where curtains will not drift into the flame, where they cannot set fire to flimsy decorations.

Set the tree securely away from open flame; check the strings of lights against faulty wiring.

These are things that have to be said each year. It is said that cautionary words must intrude into the holiday joys but those joys are much less likely to be marred by tragedy if the words are heeded.

Yule Tree Buying — A Chore

By Hal Boyle

ANYTOWN, U.S.A. (AP)—Just like every other average American husband, Wilbur Peeble had two big Christmas duties.

One was to pick out a nice present for his wife which she could exchange the next week for something she really wanted, his other chore was to buy the family tree.

As he set out on his annual tree hunt, Wilbur's wife, Trellis Mae, said helpfully: "Try to find one that doesn't have a bad side."

Stumbling through the frigid night, Wilbur mumbled bitterly to himself.

"Find one that doesn't have a bad shape. Find one that doesn't have a bad side. For 20 years she's been giving me that same old business," he mumbled.

In the darkness, Wilbur squared his jaw and vowed, "Well, by thunder, this year I will find one!"

Stamping his feet in the cold, Wilbur looked over hundreds of trees in half a dozen corner lots.

It was after midnight and Wilbur was about to give up. Then he came to the last corner lot. A little old man stood alone amid

his trees that had yet to find a home.

"I want a tree that doesn't have a bad side," said Wilbur abruptly. "Nothing else will do."

The old man looked him over. "Son, you have come to the right place," he said. "I've been selling Christmas trees, man and boy, for half century, and this year—for the first time—I've got an absolutely perfect tree."

He led Wilbur to the back of the lot. There, alone in shimmering beauty, stood a 10-foot tree, the like of which Wilbur had never seen.

Every needle was bright green and firm and strong. The branches arched in flawless symmetry. Wilbur inspected it with a flashlight for 15 minutes, but could find no flaw. His quest was over.

"How much?" he inquired.

"I had intended to spray this tree with preservative and donate it to the Smithsonian Institution," said the little old man. "But, recognizing in you a fellow artist, a man with a true soul, I could be talked into parting with it for \$22.95."

"I never heard of paying \$22.95 for a Christmas tree," objected Wilbur.

"Not \$22.95 for just a Christmas tree," corrected the old man. "But \$22.95 for the only perfect Christmas tree you will ever see in your life."

Wilbur sighed, paid, took the tree home and set it up in its stand. Then he lay down on a sofa to rest.

Trellis Mae had been visiting down the hall. A few moments later she entered with a neighbor, who had come to borrow a cup of sugar. Wilbur watched silently as the two women studied the tree.

"Nice," commented the neighbor finally, "but I think I'd turn it a little to the left." The two women did turn the tree, then stood back for another look.

"Yes, you're right," agreed Trellis Mae. "Now the bad side hardly shows at all."

Wilbur sank back on the sofa and groaned.

Moral: Wives don't really believe in perfect Christmas trees or perfect husbands.

Inside You And Yours

By DR. BURTON H. FERN, M.D.

Dear Doctor: I'm allergic to my pet dog—a 6-pound toy Pomeranian. I don't want to give him up. What can I do?

Mrs. J. M. (Minn.)

Dear Mrs. M: With a mild allergy and strong puppy love, you may be better with your dog. Emotional upsets magnify allergy troubles. Perhaps decongestant medicines and an air purifier can help.

When allergy is severe, the pet must go. The hair of the dog can be more dangerous than his bite!

Crazy Dreams

Dear Doctor: I'm 71. Why should I have crazy dreams every night?

Mrs. A. W. (Pa.)

Dear Mrs. W: Most oldsters have crazy dreams. They're sort of golden age growing pains. They're often triggered by sudden blood vessel spasms. You'd wake up if you couldn't change this feeling into dreams!

Testing for Diabetes

Dear Doctor: I'm homebound with kidney trouble and suspect I have diabetes. Where can I have a specimen tested?

Mr. M. D. (Conn.)

Dear Mr. D: Any medical laboratory can test for sugar. But the test doesn't tell much when you have kidney trouble. If only a trickle of blood flows through each kidney, sugar flooding your

blood stream won't spill over the dam. Your urinalysis can look disgustingly normal while your blood sugar level skyrockets!

Your doctor knows.

Ear Noise

Dear Doctor: How do you use hot tea and nicotine acid to clear up ear noise?

Mrs. J. R. (N. Y.)

Dear Mrs. R: Both nicotine acid and hot drinks increase blood flow that helps drain fluid bloating the inner ear—a common cause of ear noise. Your doctor will probably prescribe 100 mg. with a hot drink four times a day or until you flush.

Continue until improvement stops.

If you don't hear any relief after three months, you need some other treatment.

Slipped Disc

Dear Doctor: What kind of tests are necessary to detect a slipped disc between two spinal bones?

Mrs. R. M. (Texas)

Dear Mrs. M: The pain usually comes on suddenly while lifting or straining. Nerve pressure from the disc weakens some muscles and numbs patches of skin. A special dye injection into the spinal canal can usually outline the bulging disc on X-ray pictures. Too many strains and sprains are mislabeled by some medical disc jockeys!

Life after 40

By Robert Peterson

Some Immune To Cholesterol Danger

The cholesterol controversy continues and many scientists now believe that diets rich in saturated fats lead to blocked arteries, early heart attacks and reduced longevity.

wise to minimize their intake of saturated fats and observe moderation in dining habits.

It would be easy to nod heads in hearty agreement if the only folks reaching the golden years were those who disavowed eggs, butter, cream, fatty meats, chocolate and other saturated fats under indictment as cholesterol criminals. But, on the contrary, we seem to encounter healthy elders all the time who make no attempt to avoid these foods.

Columist Hy Gardner recently interviewed Sen. John L. McClellan (D-Ark.) whom he described as a healthy, relaxed gentleman of 66 who looks 56 and acts 36. He quoted the senator as saying he enjoyed a nightly treat consisting of a big bowl of chipped bananas and ice cream, doused with chocolate sauce.

This made me howl with frustration, for I'd love such a nocturnal repast. But I've read so many articles condemning cholesterol-laden snacks of this kind that I haven't had one in years — for fear of plugging my arteries and failing to live to collect my social security.

Sir Winston Churchill, of course, flouts with impunity many standard rules of health. He is overweight and his penchant for rich foods and hard spirits is legendary.

Yet, at 88, he's done all right in the longevity department.

And when I visited Robert Frost recently I asked this 88-year-old poet whether he guarded his food intake and steered clear of fatty foods. "I don't give it a thought," he declared patting his plump waistline. "It's my theory that the more you worry about food the sicker you get."

How do these men get away with it? I've just asked a cholesterol conscious physician who tells me they are exceptions who apparently have unusual constitutions plus a mysterious built-in immunity to arteriosclerosis.

He warned that few are so fortunate, and that most mortals desirous of living long would be

A CERTAIN physician consistently pooch-pooches the values of exercise for the middle-aged man. Recently, he said that after 25 or 30 a man should take it easy.

It seemed incredible that a physician would make a statement which is at odds with just about all observable and accumulated facts on the subject.

So I wrote to Dr. Paul Dudley White, eminent heart specialist, and asked for his comments on the subject.

Dr. White sent me a brief but telling reply in which he says, "Don't worry about this man — he'll kill himself following his own advice. I don't know how old he is now, but he is not likely to reach my age!"

Dr. White, incidentally, is vigorous, active and agile at 76 years of age.

Red German Reactor Is Given To Institute

BERLIN (AP)—East Germany's Communist regime announced that the first atomic reactor built with its own resources is being handed over today to the Central Institute for Atomic Physics at Rossendorf, near Dresden.

ADN, the official East German news agency, said the reactor has a rating of 10 kilowatts.

HARD-OF-HEARING MULTI-MILLIONAIRE FINANCES NEW HEARING DISCOVERY!

Refusing to Wear Any Available Hearing Aids
Financier Hand Picks Team of University Scientists
Who Create Amazing, Revolutionary New Device!

New York, N.Y.—Now you can reap the exciting benefits of a multi-millionaire's successful search for a new hearing aid that he could wear without his closest friends realizing it unless he told them. Because he regarded Otari-on as foremost in hearing research and engineering he assigned to them the patent for this revolutionary hearing aid. Now, through Otari-on's engineering genius, it is

offered to the public and on terms anyone can afford. Featuring the patented ADH, it is the only hearing aid that gives automatic directional hearing and is reported to fit 90% of those with hearing losses. Find out all the facts about this dramatic breakthrough to better hearing. No cost or obligation. Write today to Otari-on. GAIL D. FISHER, Fourth Floor 10 East Town St., Columbus, Ohio

The Nation Today

WASHINGTON (AP)—President Kennedy's latest technique for getting his ideas across to the public—and himself as a leader—looks like his best.

This was his television-radio discussion with three reporters this week in his White House office. Until now he has relied mostly on speeches and news conferences with masses of reporters.

His most famous speech was his inaugural address Jan. 20, 1961. This was the one where he urged Americans not to ask what their country could do for them but what they could do for their country.

This speech, like a number of his others, was a highly manufactured product. It showed a literary self-consciousness with its overdone use of contrasts. No one could doubt it had been worked on hard.

Just because it did, the speech lacked that priceless and easy sense of communication which comes with informality. Except for masterpieces, this could be said about anyone's speeches.

Kennedy's news conferences have been far from total successes. They last 30 minutes. The very sight of reporters, swarms of them, hopping up and down to ask questions is distracting for anyone watching them on television.

Sometimes some of the questions look like deliberate needles. Some have started off with a "Mr. President, don't you think . . . ?" which indicates the questioner is not asking for information but confirmation.

And some of the questions have a special or regional interest which make for dull listening. Kennedy at these conferences looks on guard and unrelaxed. There's an obvious reason for this:

If he makes a mistake, and in an off-moment he could commit a serious one, there's no time to correct it since the public is watching and listening as he answers.

These news conferences are a healthy force in American society. But they are far from smooth and the answers are often far from satisfactory.

He seemed more comfortable and responsive Monday night in his hour-long discussion with just three reporters sitting with him in the White House. He seemed to feel, with just three people questioning him only on matters of general interest, that he could take time and answer at length.

Women's Interests

6 The Record-Herald Wednesday, Dec. 19, 1962
Washington C. H., Ohio

Annual Christmas Party Of BPW Held On Tuesday

Nearly 100 members and guests attended the annual Christmas party of the Business and Professional Women's Club at the Washington Country Club Tuesday evening.

The traditional turkey dinner was served at two long tables beautifully decorated with small poinsettia plants and other Yuletide arrangements. Gaily wrapped gifts for the gift exchange were placed under the silver tree in the alcove. A small green flocked tree at the front of the room and Christmas greenery and candles on the mantels completed the decorations.

During the brief business session conducted by the president, Miss Jean Everhart, members were reminded to vote on two prospective members, Mrs. Janet Garrison and Mrs. Roger Klontz. Miss Marie Marchant announced that the Jan. 15 meeting will be a "white elephant" sale, and Miss Martha Graves asked for volunteers to drive for the Red Cross Bloodmobile Dec. 28.

Mrs. Ralph Yerian, chairman of

the music committee in charge of arrangements for the party, presented the program. Mrs. William Myers, of Sabina, accompanied by Mrs. Robert Walk, of Reesville, gave three violin selections, "Caprice Viennois," by Fritz Kreisler, "Liebestraum" by Franz Liszt, "Evening" by Laylord Yost, and concluded with "Silent Night."

Mrs. Allen Falls sang "Sweet Little Jesus Boy," by Robert MacGimsey, and the Rev. Allen Falls gave a timely message entitled "Three Looks at Christmas." Quoting from Dickens' Christmas Carol and the Christmas Story from St. Luke, he called these three looks "Christmas Past, Christmas Present, and Christmas Yet to Come," concluding with the thought that the greatest gift of God is Eternal Life.

Mrs. Coyt Stookey concluded the program with two solos, "No Candle Was There and No Fire," by Liza Lehmann, and "O Holy Night," by Adolphe Adam.

Santa Claus then arrived and distributed gifts to the children present and to those taking part in the program. He also assisted the committee in the gift exchange for the members. Santa Claus was Sheriff Don Thompson.

Guests at the meeting were Ann Baird, Mrs. Sara Brown and daughters, Joretta and Loretta, Mrs. Ethel Caldwell, Diane Carter, Deborah Carter, Mrs. Mary Chinn and daughter, Mariann, Rev. and Mrs. Allen Falls, Mrs. Ray Griffith, Mrs. Shizuko Hidy, Mrs. Rachel Hutt, Mrs. Gladys Howard, Mrs. Helen McCoy, Mrs. William Myers, Mrs. Coyt Stookey, Betty Smyders, Jean Smith and Mrs. Robert Walker.

Committee members were: Mrs. Roger Grimm, Mrs. Robert Heath, Mrs. M. Z. Klever, Mrs. Lucy Panzlau, Mrs. Frank Pope Jr., Mrs. Marcus Prosch, Mrs. Norman Ralston, Miss Valeska Rinehart, Mildred Smith, Mrs. Edith Spargur and Mrs. Paul Thornhill.

DPGL Annual Christmas Party On Wednesday

Employees of the Washington C. H. District of the Dayton Power and Light Co. will hold their annual Christmas party at the DP&L auditorium at 7:30 p.m. Wednesday.

Employees' children will receive gifts and candy from the company. More than 2,800 toys are expected to be given this year throughout the company's 14 districts.

Personals

First Lt. and Mrs. Richard Tracey and family, of Enid, Okla., arrived Tuesday to spend the holidays with Lt. Tracey's parents, Mr. and Mrs. Byron A. Tracey, 808 Washington Ave. Tracey is stationed at Vance Air Force Base.

Past Chiefs' Club Has Annual Party

The Past Chief's Club, Pythian Sisters, held its annual covered dish supper at the K. of P. Hall in Jeffersonville. One long table, beautifully decorated with a Christmas centerpiece and candles, seated the group. Suggestions of the Christmas season were used throughout the room.

A brief business meeting was conducted by the president, Mrs. Edith Spargur, who read an original poem, "Another Christmas Day." The 18 members were asked to remember a needy family at Christmas time and to remember absent members.

The meeting closed with the group singing of "Silent Night" and a poem by Mrs. Spargur, "Home For Christmas."

Hostesses were Mrs. Spargur, Mrs. Anna Combs and Mrs. Glenn Robinson. Mrs. C. S. Kelley and Mrs. M. L. Lyons were in charge of the gift exchange. Sheri Breedlove was a guest with her grandmother, Mrs. Kermit Knox.

Program Given At Guild Meet

A program of unusual interest was presented when members of the Wesleyan Service Guild met in Fellowship Hall at Grace Methodist Church for their Christmas meeting Monday night.

The Junior Choir, under the direction of Mrs. G. Glen Hughes, sang several numbers. A piano selection "Sheep Shall Safely Graze" was presented by Kathy Bowen.

A business meeting was conducted by the president, Mrs. Doris Diffendal, with the reports given by Mrs. Chester Clay and Miss Edith Wilson. Miss Gretchen Darlington reported on the sale of Christmas greetings by the class.

Gifts were brought by members to be given to children of Fayette County who are in foster homes. Members gathered around a lighted Christmas tree for their exchange of gifts.

Sandwiches and cookies were served from a table covered with a white cloth, centered with an arrangement of red and white carnations, flanked with red tapers. Mrs. Diffendal presided at the silver service.

Hostesses were Mrs. Lucy Panzlau, Miss Darlington, Mrs. Robert Heath, Miss Leona Hewitt, Miss Florence Hidy, Mrs. Amanda Kier, Mrs. Lillie Householder, Mrs. Wilbur Mossbarger and Mrs. Paul Strevey.

Luncheon At Cowman Home

Mrs. Bob Cowman was hostess Tuesday noon to 14 members of the Staunton Home Demonstration Club for a carry-in luncheon and gift exchange.

All business was dispensed with and the afternoon spent in a gift exchange among the members. The guests, Mike, Kelly and Lou Ann Smith, Teresa Palmer, Mike Cowman, Jean and Kim VanDyke and Debbie Ivers, also exchanged gifts.

Baker-Clemans Wedding Rites

Miss Sharon Baker became the bride of Mr. Eugene Clemans at 2 p.m. Sunday in Grace Methodist Church. The Rev. Dr. G. Glen Hughes performed the double ring ceremony in the presence of the immediate families.

The new Mrs. Clemans is the daughter of Mrs. Delbert Carr, Rt. 35-N., Mr. Clemans is the son of Mr. and Mrs. Wilbur Clemans, of Lima.

Miss Baker was escorted to the altar by her stepfather, Mr. Carr. Mr. and Mrs. James Bush were attendants for the young couple.

The bride is a graduate of Jeffersonville High School and is employed by R. C. Belt Inc.

The bridegroom is a graduate of Lima High School and is employed by Hutch and Son.

The couple is occupying their newly furnished home at 1029 Dayton Ave.

Luncheon Held By Marilee Club

Wayne Hall, Good Hope, was the setting Tuesday for the covered dish luncheon and Christmas party of the Marilee Garden Club.

The bountiful luncheon was followed by a brief business meeting, conducted by the president, Mrs. John Rowland. The club will be responsible for seven table decorations at the Children's Home for the holiday season. These decorations, home decorations, and gifts for shut-ins were on display. Other arrangements for the holidays also were on display.

The 12 members answered roll call with a Christmas legend. The meeting closed with a reading by the president, "Help One Another."

A gift exchange was enjoyed by the members.

50th Anniversary

Mr. and Mrs. Birch Wolfe, 439 Washington St., Sabina, will observe their Golden Wedding anniversary from 2 till 5 p.m. Dec. 23 at their home.

Mr. and Mrs. Wolfe have been residents of the Sabina community for the past 30 years, having originally lived in Pike County.

Sabina News

BY MRS. HAZEL COMBS

KING'S DAUGHTERS CLASS

The King's Daughters Class of the Methodist church met at the church Wednesday noon for a potluck dinner. The tables were decorated with pine cones, evergreen and lighted candles.

The president opened the meeting after a bountiful meal. Members voted to send \$10 to the Methodist Committee on Overseas Relief and \$10 to the local Community Fund.

Miss Charlotte Stump read the devotion. Christmas hymns were sung. The class gave a standing vote of appreciation to the outgoing president, Mrs. Paul Foster.

The president closed the meeting with a poem. Mrs. F. A. Rhonemus gave two Christmas readings.

Present were Miss Stump, Mrs. Beatrice Morgan, Mrs. Herm a Nace, Mrs. Alice Beam, Mrs. Elbie Flint, Mrs. Venna Jones, Mrs. L. V. Runyan, Mrs. Hobart Matson, Mrs. Melvin Wentz, Mrs. Virginia Haines, Mrs. Mary Cline, Miss Ada Lynch, Mrs. Paul Foster, Mrs. Rhonemus, Mrs. Earl Custis and Mrs. Cleona Weller.

CHRISTMAS PARTY

The Women of the Moose held their Christmas party Monday evening, with the senior regent, Mrs. Jack Bentley, presiding.

The lodge rooms were decorated by Mrs. Walter Lynch, Mrs. Mae Gibson and Mrs. Sara Howard. A delicious lunch was served to the co-workers, after which the Christmas exchange was enjoyed.

Those attending were Mrs. Sara Howard, Mrs. Mae Gibson, Mrs. Elbie Adams, Mrs. Marvin Daughtrey, Mrs. Walter Lynch, Mrs. Clement Poole, Mrs. Paul Zachary, Mrs. Dick Deney, Mrs. William Krebs, Mrs. Raymond Shelley, Mrs. Leslie Campbell, Mrs. Fred Gray, Mrs. Charles Sharrett, Mrs. Jack Bentley and Mrs. James Brown.

ENTERS HOSPITAL

Mrs. Naomi Newland, president of the Sabina Tops Club, entered Fayette Memorial Hospital, Washington C. H. Monday for surgery.

WHS Choir Concert Thursday

The combined Washington High School and freshmen choirs will present their annual Christmas program at 8 p.m. Thursday in the high school auditorium.

Songs of the joy of the Christmas season will be sung in several languages, ranging through Old English, Spanish, Slovak, Latin and Modern English.

Many choir members have con-

tributed their time to creating the setting for the program, a candle-lit cathedral designed to add to the inspiration of the music.

The performance has a two-fold purpose, to entertain the audience, and for the enjoyment of the singers themselves in contributing to the enrichment of the cultural life of the community.

Moose Lodge Plans Party For Children

Men and women of the Moose Lodge today are putting the finishing touches on plans for a party for their children — and all other children of Fayette County — Saturday afternoon.

The party will get under way at 1:30 p.m. in the lodge hall on the

second floor above the Palace Recreation Hall, 246 E. Court St., and state liquor store.

Center of attraction will be Santa Claus, who will have candy and fruit for the youngsters.

There were about 150 at the party last year and plans are be-

Piano Pupils Of Mrs. Willis Have Party

Children under the seventh grade from the piano classes of Mrs. Robert E. Willis gave their annual Christmas program and party at the Willis home.

Piano solos and ensemble numbers were played by the following students: Leslie Lanum, Billy Junk, Kathie Browning, Dennis Falls, Michael Zautke, Ann Black;

Elizabeth Sauer, Martha Junk, Jo Lytton, Dawn Willis, Ann Marchant, Tom Wherry, Bruce Willis, Ted Black, Allen Falls, Susan McCoy, Penne Pensyl and Jonathan Sauer.

A special guest was Becky Mustine who played a group of carols and French folk songs with Mrs. Willis.

Ted Black received at the door and Mrs. Sam Sauer and Mrs. Richard Willis assisted in the hospitalities.

Job's Daughters Has Inspection

A dinner at the Masonic Temple preceded the inspection of Job's Daughters on Monday night. Tables seating the 30 members and guests were attractively decorated in keeping with the Christmas season. Members of the Eastern Star served the dinner.

Proceeding to Hays Hall, the inspection of the Bethel was conducted by Mrs. William Ochsner of Strongsville, grand guardian of Job's Daughters.

Officers of the Bethel are: Penny Noble, honored queen; Marsha Robinson, senior princess; Judy Garinger, junior princess; Carol Noble, guide.

On Dec. 27, Marsha Robinson will be installed as the honored queen.

Initiation of three new members, Helen Manuel of Leesburg, Gayle Hains, and Pam Barton followed.

At the close of the meeting, a social hour was enjoyed with refreshments served by a committee headed by Mrs. Kenneth Kelly.

Auxiliary Has Christmas Party

The Eagles Auxiliary met in the Eagles Hall Monday evening for a regular meeting followed by a gift exchange around a lighted Christmas tree.

Reports were given by Mrs. Daie Merritt, secretary; Mrs. Edgar Robinson, treasurer, and Mrs. Ralph Fisher, trustee. A discussion was held to promote projects to aid the March of Dimes in January and to the Heart Association in February.

It was decided to give \$50 to Fayette Memorial Hospital to purchase a lamp for one of the rooms and to form a fund for the purpose of contributing a second lamp.

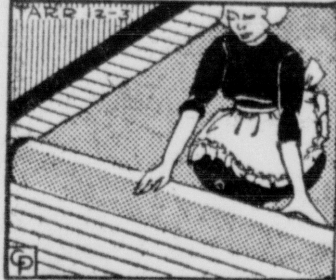

It was also agreed to continue the teen-age dances once a month as a part of the auxiliary's youth program. Each member brought items of food and filled a large basket to be given at Christmas.

Mrs. Merritt, Mrs. Florence Parks and Mrs. William Holloway will be in charge of the January project. Mrs. George Hildreth, Mrs. Hazel Bonner, and Mrs. Joseph Huff Jr. had the December project.

The red and blue membership contest was closed, and the losing team will fete the winning team with a hard times party in January.

At the close of the meeting seasonal refreshments were served by Mrs. J. W. Briggs, assisted by Mrs. Jack Thomas.

Wife Preservers

Floors should be checked periodically for any rough board or protruding nails which can damage your rugs or carpeting.

10-Year-Old Has Party

Bright with holiday decorations, the home of Mr. and Mrs. Dwight Martin was the setting Saturday night for a party celebrating the 10th birthday of their son, William Dwight.

Games of the evening won prizes for Jerry Bradley, Malcolm Binegar and Harold Everhart. Relay games gave prizes to all of the contestants.

Opening of the gifts, that were placed beneath the Christmas tree, delighted the honored guest.

Mrs. Martin served refreshments at one long and several small tables. A birthday cake, bearing the inscription, "Happy Birthday" was served with Christmas ice cream. Decorations of the table included a red reindeer, greenery and white candles. Favors for the boys were airplanes and suckers.

Present were: Gary Kinzer, David DeWeese, Jimmy and Ricky Binegar, Jay Schwartz, Jimmy and Kenneth Matthew, Dale Allen Merritt, David Puckett, Scott Burns, Donald Mannon, Eddie Merriman;

Jimmy Bennett, Joe and Harold Everhart, Jeff Matson, Bradley Malcolm and Ronnie Leach.

Mrs. Ernest Stanforth, teacher of Billie, was present as were his grandmothers, Mrs. Maggie Masters, Mrs. Iva Mae Hughey. Additional guests were the honored guests brother and sisters, Beverly, Bobby and Pam and Mr. Ray Vance.

Shakespeare never mentioned tea in any of his plays because he never drank England's "national beverage." Tea was introduced to London in 1657, four decades after the poet's death. The price was \$30 to \$50 a pound.

Local Residents Attend Party

Mr. and Mrs. Joe Fortier, Mrs. Frank Michael and Mrs. M. G. Morris were among the 100 guests entertained at the dinner and Christmas party given Sunday in the Ball Room of the Southern Hotel by Mrs. Charlotte Rowe Gamble.

This party has become a tradition, and each year Mrs. Gamble entertains her large class of accordion pupils, their parents and a few other guests.

The room was decorated with symbols of Christmas. After the delicious dinner, Mrs. Gamble, assisted by Miss Eleanor Fisher, acted as Santa Claus in giving to her pupils the many gifts displayed on a long spotlighted table. Moving pictures of the group were taken and after the distribution of gifts, Mr. J. W. McCandish entertained the company with a movie, "Christmas on the Farm."

Former Sen. and Mrs. John W. Bricker were among the guests.

Mother's Circle Party At Kelley Home

Christmas decor' was carried out in the home of Mrs. Malcom Kelley Monday when members of the Mother's Circle met for their meeting and Christmas party.

Following a brief business session, conducted by the vice president, Mrs. Dick Junk, the members played "Dubs" bridge. Prizes were won by Mrs. Lawrence Lehman and Mrs. Ellis Miller.

A gift exchange was held, with each member bringing the article they make the best.

Flaming snowballs, cookies and coffee were served by the committee of Mrs. Kelley, Mrs. David Six, Mrs. David Looker and Mrs. George Pommert.

The Academy and College of Philadelphia founded by Benjamin Franklin in 1749, was the first academy in the United States.

Mrs. John Baird Entertains For Worthy Matrons

A dinner bringing together the worthy matrons of the Order of Eastern Star of district 23 was held at the home of Mrs. John Baird, Mrs. Baird, who has had the honor of being the newly appointed deputy grand matron of district 23, entertained at her home on the Circleville Rd.

A damask covered table, centered with red poinsettias and silver tapers, seated the guests for the serving of a delicious dinner. Holiday decorations were used throughout the home.

Following the dinner hour, a short business meeting was held. Plans were made to meet with Mrs. Charles Felky at Circleville Jan. 19.

Mrs. Baird served punch and cookies to the following worthy matrons: Mrs. Tom Slager, of Forest Chapter, Bloomingburg; Mrs. John Gifford, of Purity Chapter, New Holland; Mrs. Ernest Shelton, of Royal chapter, Washington C. H.; Mrs. Lawrence Reid, of Heber

chapter, Williamsport; Mrs. Felky, Circleville chapter; Mrs. George Pittenger, Waverly chapter; Mrs. Clarence Maxson, of Evergreen chapter, Adelphi; Mrs. Virgil Hardman, of Jefferson, chapter, Jeffersonville, and Mrs. Homer Wolford, of Concord chapter, Frankfort.

Unable to attend were Mrs. Charles Corbin, of Chillicothe, Mrs. Ina Haney of Bainbridge and Mrs. Frank Graves, Kingston.

The last horse car was taken off the streets of New York City in 1917.

Round About Fayette County

By B. E. KELLEY

I have previously mentioned the famous, or infamous "burnt wood" depot used by the CH&D Railroad, which stood on the west side of S. Fayette St., on property now owned by the Fayette County Farm Bureau.

It was the passenger station for Washington C. H., and dated back to the time the road was built back in the 1880s.

Originally it was a fairly good depot as depots went in those days, with two waiting rooms, one on each side of the ticket and telegraph office, heated by cannon ball stoves. The entire building was of frame construction.

One day the east end of the building caught fire, and firemen

managed to save the central and western part of the structure. But the east half was so badly damaged it was torn down leaving the charred wood of the partition to form the eastern weather boarding of the station.

This was so unsightly that it was dubbed the "burnt wood depot" since the burnt wood craze, when designs were printed on boxes, etc., and red-hot needles were used to burn the design, was at its height then.

For years this unsightly station building was used by the road. Then, some 50 years ago, a special train bearing high officials of the B&O and CH&D Railroads (which were being consolidated) visited the city.

When the officials laid eyes upon the monstrosity used as a passenger station, one of them burst into laughter, and said:

"I never knew there was such a building anywhere on the road," and the others agreed.

"That thing must be replaced next spring" said one of the top officials, and the wheels were set in motion for tearing down the station and using the B&O station facilities. The present freight station of the B&O on S. Main St., was also built then and has since served as the freight depot of the combined roads.

OLD BELIEF FAILS

Recently I told you about the old belief that the first three days of

December ruled December, January and February, and that if the weather was good on those days, the next three months would be likewise, or if bad, then look for severe weather.

It will be recalled that this time the first three days of December were mild and decidedly unusual.

Instead of a mild December, the month has been one of the most severe in many years, with sub-zero temperatures, snow and in some instances, blizzard which piled the highways full of drifts and interrupted normal life.

Those who believed in the ruling powers of the first three days are now quite skeptical.

THIRTY YEARS AGO

The mercury was 13 below zero here Dec. 16, 1932, and as low as 26 degrees was recorded elsewhere in the county. It was the coldest day since Jan. 29, 1926

when it was 16 degrees below zero.

Loren Truesdell was on trial for his life for the alleged killing of his brother, and Thelma Wood, whose bodies, wired and weighted with stones, were found in a quarry pool at Lima several days after the double murder. Truesdell confessed the crime, but later repudiated his confession, and a convict testified two others committed the crime. But a policeman testified the convict was not in Lima the night of the crime.

Miss Matilda Hyer, 84, died at her home in Sabina.

An eight-year-old telephone rate case was reopened by the Public Utilities Commission. Washington C. H. was affected by the hearing.

Mrs. William McCord, 77, former resident, died in Dayton.

Sheriff Will H. Icenhower announced his deputies would be C. D. Yeoman, of Bookwalter, and Otto Reno, Washington C. H. Icen-

hower succeeded Sheriff Oliver Minton.

A dense fog enveloped the community, leaving a heavy mantle of frost on trees and shrubbery.

A tramp, applying at the back door of a residence here, surprised the woman who responded to his knock by asking for a pair of spats. "I ain't got no top shoes, and want them things that keep a feller's ankles warm," he said. He failed to get the spats.

Theodore Wendel a native of Washington C. H. and nationally famous as a landscape and portrait painter, died at Ipswich, Mass., and was buried there.

Several western states were rocked by a heavy earthquake which caused considerable damage.

The sum of \$152,530 was to be available for road work in the county during 1933.

The home of Mr. and Mrs. Cliff Price, Creek Rd., was destroyed by fire with nearly all contents. Mr. and Mrs. Price were in Washington C. H. at the time.

The beer bill was passed by the

House, and the Senate was expected to concur. Reports indicated President Hoover would veto the measure.

President-elect Franklin D. Roosevelt blocked the reopening of war debt discussions on the part of President Hoover.

Joe Banaski, champion light-heavy grappler, was scheduled to take part in a match for the belt, staged by the Eagles for charity purposes.

Hog and chicken thieves were causing officers much work.

A man who said he wished to help his pal in jail, gave the prisoner some magazines, and when the man appeared at the jail a few hours later to see his pal, Chief Jack Wolfe unlocked the door, let the visitor in, and then relocked the door. "This is for stealing the magazines at Leland's News Stand", the chief said.

About one-twelfth of the total population of the United States can be seated at the same time in the nation's motion picture theaters.

56 Years With Books

DENVER — When Earl F. Whitmore retired at 85, he was the oldest of the 4,700 employees at the Denver & Rio Grande Western Railroad, and also the longest in service, 56 years. He spent his entire career in the accounting department.

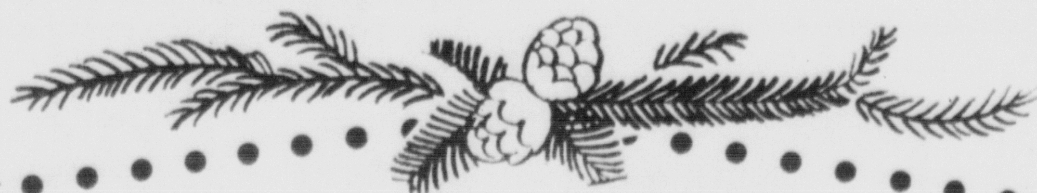

The Indian and Pacific Oceans are divided by the Indonesian archipelago.

FROM THE EMPLOYEES OF EAVEY'S SUPER-VALU

Union, Kaiser Steel Solving Knotty Problems

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Kaiser Steel and its workers are tackling two of the knottiest labor problems of the day—job security under the impact of technical advances, and how management and labor should split the sales dollar between them.

Loss of jobs to machines and loss of profits to rising production costs will be the basic issues in most of next year's important union-management negotiations. Kaiser Steel and its union, the United Steelworkers, have worked out a plan they hope will have something for both sides. Whether the plan will work for them is yet to be seen. And whether such a plan will fit other company situations, and other industries, is also a question.

The Kaiser plan is first to re-train employees who lose their jobs to machines, and second to split between the company and the workers the increased earnings from any lowering of production costs per unit—after taxes. The two problems are intertwined. They have pushed each other up in a spiral to become a major labor-management clash, which has moved the administration to set up guidelines in the public interest.

Management charged its profit margin was shrinking to nothing because of rising labor costs and automation was the only way out. Labor charged it was being pushed out of jobs, and that management was profiting from the cost cutting much more than it would admit. The unions have been asking higher wages for those still employed as a greater share in the resulting earnings; greater benefits for those who suffered from automation, and a shorter work week to spread the available work.

To this management replied that the union demands would soak up all of the gains from cost cutting, and that profits would still be unhealthily low. This is the impasse which the Kaiser Steel Corp. and its union is seeking to break. The California-based company has a particular reason to need to find a solution to costly steel production. It has faced the challenge of Japanese steel imports, a challenge more pressing on the West Coast than the flow of steel from Europe to the East Coast. Kaiser is eager to cut its production costs. Thus the offer to retrain displaced employees and to share any gains from lower unit production costs.

Refund OK'd
On Social
Security

CLEVELAND (AP) — A federal judge has ruled St. Luke's Hospital here is entitled to refunds totaling \$19,301 because it paid Social Security taxes for resident doctors who should have been exempt. Judge Ben C. Green made his judgment Monday. The hospital, which had been refused by the government under the Social Security amendment of 1939, brought the suit in July 1960. It sought refunds from Jan. 1, 1953 to June 30, 1958. The amendment excludes interns from paying Social Security taxes. The ruling by Judge Green said, in effect, both resident doctors and interns were intended to

be excluded from paying the tax. His opinion stated Congress intended the word "intern" to be used in its broad, generic sense. According to the attorney for the hospital, William Wallace, the decision was the first one to interpret the scope of the exemption. He said the hospital argued the government was being unjustly enriched if resident doctors had to pay the tax, since doctors in private practice are not entitled to receive Social Security payments. The judgment allows resident doctors to be excluded from paying the tax regardless of their years of experience, Wallace said. Interns become resident doctors after serving at a hospital for a year following graduation from medical school.

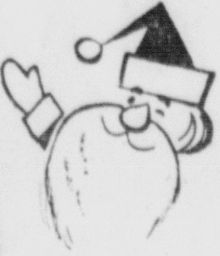

**Loud Commercials
On TV Are Probed**
WASHINGTON (AP) — Does it seem to you that the commercials come through louder than the regular television programs? Well, it seems that way to a lot of people, and the Federal Communications Commission today announced it is launching an inquiry on the subject of objectionable loudness of commercials. The FCC said it has had many complaints from listeners, and they seem to increase as the Christmas "hard-sell" season approaches. It said there were 25 in October, 45 in November and 95 in the first 10 days of December. The FCC said it has looked into such complaints in the past and found no violations of FCC rules.

Common Mart Set With African Deal

BRUSSELS, Belgium (AP)—The six ministers of the European Common Market reached final agreement today on the draft for a new five-year convention with 18 newly independent African states, all former French, Belgian and Italian colonies. The chairman of the Common Market Ministerial Council, Emilio Colombo, Italian trade minister, will submit the draft Wednesday and officially announce to the 18 African representatives that the six are ready also to negotiate association with Sierra Leone and Trinidad-Tobago. Colombo will also tell the Africans that the six, France, Belgium, Holland, Luxembourg, West Germany and Italy, are prepared to negotiate advantageous trade agreements with other African, formerly British, countries which have refused association. A silk farm at Lullingstone castle in Kent, England, furnished the silk thread for the coronation robe of Queen Elizabeth II.

Last Dooley Hospital Still Operating

BAN HOUET SAI, Laos (AP)—The last of the late Dr. Thomas Dooley's hospitals in Laos survives in this sleepy little Mekong River town—handicapped by the lack of a doctor and the nearness of unfriendly territory.

Three young Americans are carrying on the work of the jungle doctor who died of cancer in January 1961 after founding small hospitals in this underdeveloped

Southeast Asian kingdom.

Dooley's death and world politics may have combined to bring about a decline in the kind of medical missionary work once practiced here.

Of the three hospitals Dooley started in Laos, only this one survived the two-year civil war that raked the kingdom as leftist, rightist and neutralist factions vied for power.

Even Ban Houet Sai is doing its work on a shoestring. The last doctor left in October; another may come next summer. Miss Zola A. Watson of Portland, Ore., is director of nurses in the Dooley Foundation which

runs the hospital.

"This is not an ideal setup until we get a doctor," she says.

Miss Watson's companions are Tim Ford, a 21-year-old former Army medic from Indianapolis, Ind., and Reginald F. Gordon, 25, a surgical technician from Schenectady, N.Y.

Miss Watson says several physicians have indicated they want

to work in this remote corner of Laos after finishing their post-graduate studies next June.

About a dozen Laotians call at the clinic every day on an out-patient basis. An average of five to nine patients lie in the cramped hospital ward.

Treatment in most cases is for malaria and malnutrition. Difficult cases are sent to Chiangrai,

across the river in Thailand.

The hospital consists of a wooden building—set on stilts in South-east Asian style—nestled amidst trees on the top of a hill that overlooks the glistening river, at this point the border with Thailand.

Field operations are limited to an 18-mile radius. Outside that area lies territory controlled by the pro-Communist Pathet Lao. The Americans have been advised by right-wing garrison commanders here to stay out of the Communist zone.

Woman Due For Parole From Prison

COLUMBUS, Ohio (AP)—Less than two weeks after the 1941 Japanese attack on Pearl Harbor, Julia Blair entered Ohio's prison system. Next month, for the first time, she will leave it on parole.

William Ensign, executive secretary of the state pardon and parole commission, said she has occupied much of her time with specialized sewing work at the Marysville Reformatory for Women. He gave this information about the case:

She was sentenced for first-degree murder in the fatal shooting of her former husband, a seaman, in October 1941 at Lorain, Gov. Michael V. DiSalle commuted the sentence to second-degree murder this month. Parole is effective about Jan. 16. She is 60 now.

Also among 15 women to be paroled from the Marysville Reformatory in January or February is Roberta Richardson, 40, Cincinnati, received in 1953 for second-degree murder in the death of William Porter, 73. He died after being struck on the head with a table lamp, commission records show.

Ensign said the commission also granted 67 paroles at the Mansfield Reformatory.

TV Viewing

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—If the ghost of Charles Dickens was watching television Tuesday night, it would have been interesting to catch the Victorian author's reaction to NBC's cartoon treatment of his sentimental "Christmas Carol" classic. It might have been

choler. But most of us contemporary viewers must have felt that casting near-sighted, bulb-snatching Mr. Magoo as miserly, crotchety Ebenezer Scrooge was sheer inspiration. Converting the rather syrupy Tiny Tim tale into a fairy story with a musical comedy background proved a wonderful idea.

Children of all ages had a delightful time with the sly, tuneful animation. Loveable Mr. Magoo as an actor playing a part told even the smallest viewer that it was all let's pretend, so those ghosts, skeletons and graveyards were merely delightfully scary. The hour-long version ought to have its place on NBC's shelf of classics, along with "Peter Pan," and "Amahl and the Night Visitors," ready for an annual Christmas-time rerun.

President John F. Kennedy's "conversation" Monday night with three network correspondents was a memorable, impressive hour. Not only was it an important person-to-person updating on matters of vital concern to all, but it provided millions of average citizens, in their own homes, a chance to feel close to the man who must make many critical decisions on their behalf.

It was a wonderful thing for the nation when, in the depression-racked thirties, Franklin D. Roosevelt used the medium of radio for his informal fireside talks.

Now President Kennedy has an even more intimate, powerful means to reach the nation. He sits easily, comfortably, in his rocking chair, handling all questions crisply, concisely and without pulling any punches.

CBS plans to switch two of its day shows around on Dec. 31—moving "To Tell the Truth" to 3 p.m. and its re-runs of "The Millionaire" to the following spot in an effort to strengthen its programming.

Recommended tonight: Perry Como Show, NBC, 9-10 (EST)—Christmas show with Kuku, Fran and Ollie; "Journal of an Undersea Voyage," news special, NBC, 10-11—film taken aboard a nuclear submarine.

WHS Choir Sings For Club

The Washington High School Senior-Freshman choir, directed by Grover Baber, of the school's vocal music and drama department, was the attraction at Tuesday's Rotary Club meeting.

The program consisted of Christmas carols sung by more than 60 youthful voices.

After the usual club preliminaries, Baber was introduced and presented Miss Joda Campbell, secretary - treasurer of the choir, who explained many details about its organization and activities.

She told what was expected of the membership and what several former members of the choir have done in music after graduation from the organization.

John Wead, president of the choir, also was introduced.

THOSE WHO sang solo parts in the program were Naomi Holloway, Steven Rhoades, Mark Coats and Bruce Core. A trio consisting of Carol Witherspoon, Jenny Junk and Patti Mahoney presented one specialty with Miss Witherspoon playing a flute accompaniment. Miss Linda White-side was pianist for the program.

The carols sung, in the order of their presentation, were: "Procession," "Welcome Yule," "That Christmas Long Ago," "Come to the Manger," "The Star Carol," "The Shepherds' Story," "There is No Rose," "The Dance of the Shepherds," "Silent Night," "Deo Gracias," "Lullaby on Christmas Eve," "Everywhere Christmas Tonight," "O Holy Night," "Carol Of Drum" and "Send out Thy Spirit."

DURING the business session, birthday greetings were sung for Robert Price, Ned Abbott, Fred See, George Finley and Don Murdoch.

Guests were David Williams, Cedarville, with Dr. F. D. Woollard,

and William Riley with his father, Marilyn Riley.

Visiting Rotarians were Andrew Winters and Gerald Straley, of Mt. Sterling.

The next meeting of the Rotary Club will be held Thursday, Dec. 27, when the club will hold its Christmas program for 100 or more children of Rotarians and others.

The attraction on this occasion will be Ronald Haines, of Cincinnati, a magician, who is associated with both the International Brotherhood of Magicians and the Society of American Magicians.

The next Rotary meeting following that of the 27th will be on the second Tuesday of January.

Capitol To Get Own Lighted Yule Tree

WASHINGTON (AP)—For the first time in modern history, a lighted Christmas tree will greet

Commissioners, Kruse Confer

The Fayette County Board of Commissioners met this week. Vir-tus J. Kruse, Fayette County's representative in the Ohio General Assembly, for a discussion of pending and proposed legislation which would affect Fayette County.

One topic discussed was that relative to new legislation regarding dog control.

Some present legislation and the possibility of changes in it, such as that affecting Sunday closing for all lines of business, and other matters certain to be brought up in the coming legislative session, were considered.

visitors to the Capitol during the holiday season.

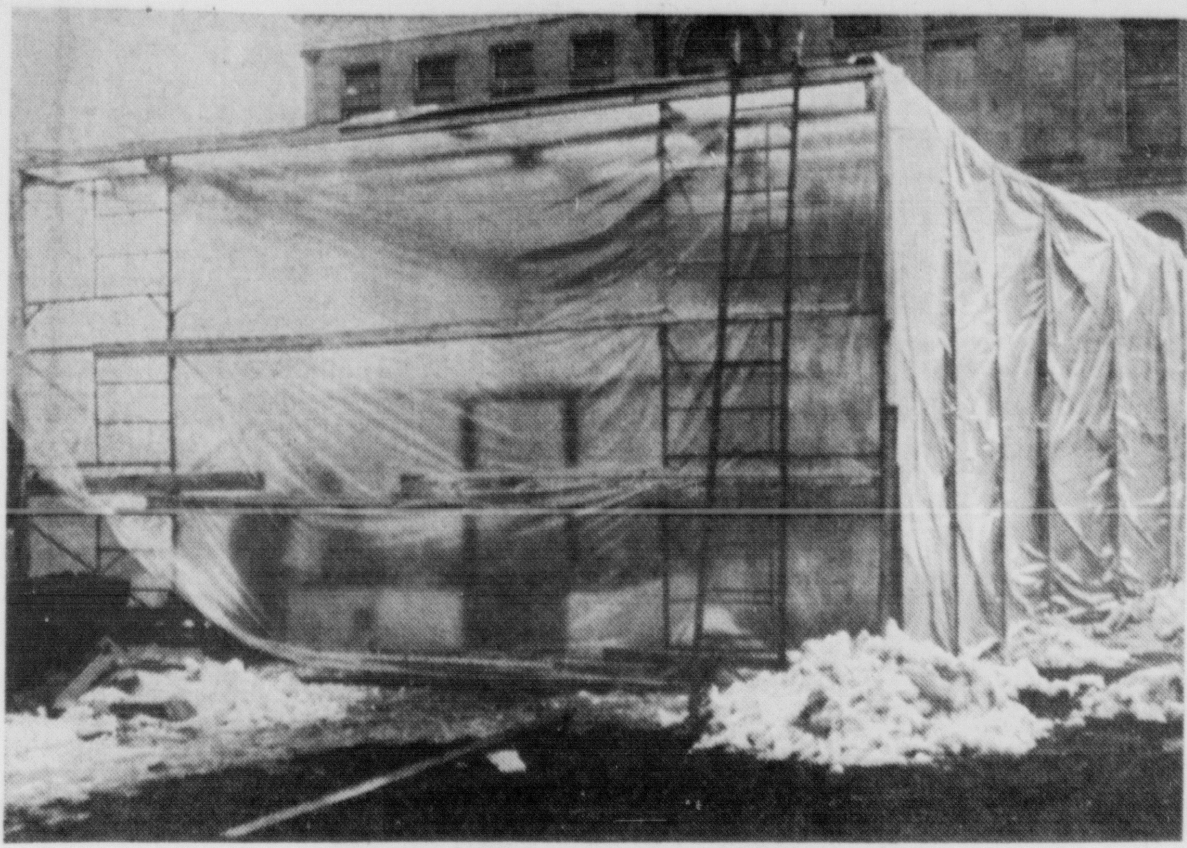

At the direction of Speaker John W. McCormack, D-Mass., a 6-foot tree from the botanic gardens will be placed in Statuary Hall, just outside the House chamber.

Disabled Veterans To Meet Thursday

Chapter 89, Disabled American Veterans, will meet at 7:30 p.m. Thursday in the GAR Hall. Edwin Knight, a state officer of the organization, will be the speaker. Refreshments will be served.

GIFTS FOR THE WHOLE FAMILY
AT
MOORE'S
OPEN 9 TILL 9 DAILY

We Take This Opportunity To Extend
SEASON'S GREETINGS
To All Our Customers and Friends!

UNDER WRAPS...The Washington Savings Bank's drive-in branch, now under construction on the N. Fayette St. lot opposite the City Building, looks like a big Christmas package these days. Sever-Williams Co., Inc., plagued with bad weather, erected a framework around the construction site and covered it with polyethylene—a clear plastic material. Now the contractor's men can work "indoors" on the coldest days with a small heater to keep them warm.

Bloodmobile Here Dec. 28; Lions Sponsors

Members of the Washington C. H. Lions Club already have started lining up blood donors for the Red Cross Blood Bank when the mobile unit comes to Washington C. H. again Dec. 28.

Dr. Marvin H. Roszmann is chairman of the club committee.

The unit will be set up in Grace Methodist Church at 10 a.m. and remain there until 4 p.m. It will be accompanied by the regular staff, which will be augmented by volunteer physicians, nurses and clerks to handle the details. Other volunteers will be in the canteen to serve lunches to those who donate blood.

The quota for this call of the bloodmobile is 150 pints, the same as it has been for more than two years.

Mrs. Robert P. Wilson, Red Cross committee chairman, said the need for blood is always great for treating accident victims and surgery patients, and that it is needed even more during holidays when, according to the records, there are more accidents than at any other times. She pointed out, also, that special appeals for blood of certain types have had to be made by Memorial Hospital recently.

Appointments to give blood may be made through the Lions or direct with Mrs. Leonard Korn, Red Cross secretary.

Mrs. Wilson pointed out that donors may avoid waits at the bloodmobile if they have appointments. She also said the bloodmobile staff can arrange its time more efficiently if it has appointments.

Red China Protests 'Persecution' In India

TOKYO (AP)—Communist China today lodged another protest with India against what it claimed was "wanton persecution of Chinese nationals in India by Indian authorities."

Freezing temperature of salt water is four degrees lower than that of fresh water.

British-Born Laughton Buried In American Soil He Loved

HOLLYWOOD (AP)—It is only fitting that Charles Laughton should come to final rest on American soil.

The latter years of the great British-born actor, who will be buried today at Forest Lawn, were marked by a love affair with his adopted land. The testament of this romance is included in a book published during his fatal illness, "The Fabulous Country."

Laughton selected his favorite writings about the United States, works of famous authors which he often read on his tours through the nation. He introduced each passage with a comment of his own.

Among his comments: New York City — "one of the best things that can happen in New York is when friends come from England on their first trip to America—what excitement to show them their first real skyscraper, to take them to the Radio City Music Hall, particularly if it is Christmastime, for the audience there is a warm American family audience; to take them on the Staten Island ferry, to the best musical in town, to the wealth of restaurants and museums."

New England—"When Elsa and I were first in New York we visited New England several times. After the clamor of the city, New England gave us great comfort. We had not known in the Old World that the New World had 'antiques,' or that there were charming old houses. We both remember with great pleasure Farmington, which is near Hartford, Conn., and its graceful white-painted houses. Old wooden houses were a revelation to us, as were clams, clam chowder, Boston scrod, trilliums which carpet the woodlands in spring, mountain laurel and the blazing colors in fall."

California—"Elsa and I were in New York first and then Chicago and afterward in California. It was only in California that we began to look around. We got to

the mountains, the lakes, the deserts and the sea, to San Francisco, the Monterey Peninsula, the old missions, and started to learn about the beasts, the birds, and the flowers of the prodigal West Coast."

SAFE HOLIDAYS!

Mr. Shnoo's Zoo

BY LUCRECE BEALE

CHAPTER 13 THE FLOOD

Mr. Shnoo got up very early on the morning of Christmas eve. He did not know what time the Queen would arrive but he intended to be ready for her. He dressed carefully in his best blue suit. He shined his shoes and selected an elegant tie and put a sparkling white handkerchief in his breast pocket.

He went outdoors. It was a fine day. Even the sun was shining, which was unusual at this time of year. Crookshank went hurrying by, his head hunched down between his shoulders.

"Merry Christmas!" called Mr. Shnoo gaily.

Crookshank did not answer but rushed on. Mr. Shnoo shrugged. He was too happy to be annoyed. He whistled a gay tune as he strolled along. Presently he noticed that the path he walked on was damp. As he went, on the path became wetter and wetter until Mr. Shnoo's feet began to get quite soggy. In fact, by now, there was water rushing over his shoes.

He stopped in amazement and looked all around. There seemed to be a flood of water coming down the street, filling the gutter, rolling over the sidewalks and spreading out to the animal cages. Even while Mr. Shnoo stood there, the water rose halfway up his legs.

Attendants began to run from the animal houses shouting "Flood! Flood!" The lions roared in surprise and the leopards growled and leaped against the doors of their cages. Snakes slithered to the ceilings. The monkeys climbed onto the reindeer's antlers and the seals were washed right out of their pools.

Ducks swam down the road and an old sea lion floated over to visit the polar bear.

"Where is it coming from?" cried Mr. Shnoo as the attendants rushed by carrying chickens and prairie dogs and other small creatures that could not swim.

"The main water line has burst over beyond Molly's house!" shouted a man sailing by on a raft loaded with small animals.

Mr. Shnoo waded over to Molly's house. By the time he reached there he was swimming. The hippopotamus was not at all disturbed. She had floated out of her pool and was calmly swimming up and down the big mammal house.

Mr. Shnoo pulled himself up on Molly's back and tried to think what to do. Presently Molly swam right out the door and Mr. Shnoo could see tomes of water pouring out of a big round hole in the main water pipe that ran beside the house.

"Good heavens!" he thought. "There's enough water there to drown us all!"

Without waiting another second he shut his eyes and stood on his head and wiggled his toes. This was a very hard thing to do on top of Molly's slippery back but he finally managed it and he said

Attendants ran, shouting 'Flood! Flood!'

"Selbuort Gnippon!" three times real quickly. When the last word was out he fell into the water over his head and when he came up, Molly was gone.

"Help! Help!" sputtered Mr. Shnoo because he thought he was going under again.

"Quit calling for help and come help me!" cried someone. Mr. Shnoo shook the water out of his eyes and saw Molly nearby with Santa sitting astride her neck, facing backwards and pushing a paddle as hard as he could.

Mr. Shnoo climbed aboard and Santa handed him a paddle and

shouted, "Back her up! Full steam astern!"

Mr. Shnoo faced around to Molly's rear and he and Santa paddled furiously while Molly, sensing what was wanted of her, paddled her own feet in reverse. Little by little she was backed up to the big hole in the water pipe.

"Now!" shouted Santa. "Give her all you've got!"

He gave a mighty shove and Mr. Shnoo gave a mighty shove and Molly gave a mighty shove and plop! Molly's end went right in the hole and the water was stopped.

Tomorrow: The Queen Comes

Sabina Church Plans Services

SABINA — The observance of Christmas will start at 9 a.m. Sunday at the Methodist Church here when Church School convenes prior to the regular worship service at 10:45 a.m. in the sanctuary.

The worship service will open with a Christmas medley played by Mrs. Curtis Jones. Dr. F. M. Wentz, the pastor, will deliver the sermon on "No Vacancy," from the second chapter of Luke. The cathedral choir will sing the anthem "Glory to God."

The sanctuary will be bright with poinsettias given in memory of loved ones. Dr. Wentz said this is called "Our Garden of Memory."

Following the Methodist Youth Fellowship meeting at 6 p.m., there will be a Christmas program starting at 7:30 p.m. For this, each department of the Church School will give its own version of the birth of Christ.

A candlelight program will be presented at 11 p.m. Christmas Eve by the cathedral choir. The

service will close at midnight with a short meditation, "The Cradle Group," by Dr. Wentz.

Like motorists, some species of ants install antifreeze in the winter. They generate alcohol in their bodies to cope with the cold weather.

Today's birthdays:

So Grandpa Can't Add?

PADUCAH, Ky. (AP) — A 7-year-old boy was trying to persuade his grandfather to help him with an arithmetic problem.

"I could add it up for you but it wouldn't be right," the grandfather said.

"Well," said the youngster, "go ahead and try anyway."

TODAY In History

By THE ASSOCIATED PRESS

Today is Wednesday, Dec. 19, the 353rd day of 1962. There are 12 days left in the year.

Today's highlight in history: On this day in 1903, the famed Williamsburg Bridge linking Brooklyn and Manhattan was opened in New York. Costing more than \$24 million, it was the first important suspension bridge employing steel instead of masonry towers.

On this day: In 1777, Gen. George Washington established winter quarters at Valley Forge, Pa., for his beleaguered Continental Army.

In 1848, the New York, New Haven & Hartford Railroad began operations.

In 1871, A. L. Jones was awarded a patent for inventing corrugated paper.

In 1928, the first autogyroscop plane was flown at Pittsfield Field at Willowgrove, Pa.

In 1960, more than 50 died and 125 were injured when fire engulfed the nearly-completed aircraft carrier Constellation at Brooklyn Navy Yard.

Today's birthdays: Symphonic conductor Fritz Rein-

er is 74. British actor Sir Ralph Richardson is 60.

Hoover May Set Record As Oldest Ex-President

By NATUHAN BLOCK
Central Press Association
WASHINGTON—Herbert Hoover, as a result of his recovery from a major ailment, may now surpass a record for longevity among American presidents which has remained untouched since the early days of the Republic.

When John Adams, second president of the United States, died in 1826 he was 90 years and 247 days old.

Over the intervening 136 years, no other president has so closely approached Adams' record.

Hoover is now 88. He is apparently well on his way to a complete recovery from an operation for removal of a cancerous tumor from his intestine.

Herbert Hoover
Only one, John Adams, was older.

THE 31ST president has already lived longer than James Madison, who died at the age of 85; Thomas Jefferson, 83, and John Quincy Adams, 80. These three have been the only presidents who have lived to be octogenarians. John Adams, of course, was the only president to live to be a nonagenarian.

It is interesting to note that John Adams and Thomas Jefferson, contemporaries in a great cause, both died on July 4, 1826, each thinking the other was still alive to counsel the young Republic.

THE NATION'S two other living former presidents still have far to go before they even threaten John Adams' record. Dwight D. Eisenhower is 72 and Harry S. Truman is 78.

Truman is now close to surpassing the record established by former septuagenarian presidents. Martin Van Buren lived to be 79; Andrew Jackson, 78; James Buchanan, 77; Millard Fillmore, 74; William Howard Taft, 72; James Tyler, 71; Grover Cleveland, 71; and Rutherford B. Hayes, 70.

Eleven chief executives were sexagenarians at the time of their deaths. More presidents died in their 60s than in any other age bracket. They included William Henry Harrison, who lived to be 68; George Washington, 67; Benjamin Harrison, 67; Woodrow Wilson, 67; Andrew Johnson, 66; Zachary Taylor, 65; Franklin Pierce, 64; Ulysses S. Grant, 63; Franklin D. Roosevelt, 63; Theodore Roosevelt, 60; and Calvin Coolidge, 60. Five presidents died in their 50s.

They were William McKinley, 58; Warren G. Harding, 57; Chester A. Arthur, 56; Abraham Lincoln, 56, and James K. Polk, 53.

JAMES GARFIELD was only 49 when he was assassinated while in office. He was the only president to die so young. The lives of Lincoln and McKinley were also cut short by assassins.

Unsuccessful efforts were made to assassinate Franklin D. Roosevelt while president-elect and Theodore Roosevelt, after he left office.

An earlier attempt to assassinate Lincoln also failed, a bullet going through his stove pipe hat as he rode horseback near the Soldier's Home in Washington.

This is the first time in 100 years that the nation has had three living ex-presidents. The last time was 1861, when Buchanan, Pierce and Fillmore were alive.

A Rare Distinction

FRANKFORT, Ky. — Frankfort was the only capital of a nonseceding state to be captured by the Confederates during the Civil War.

The capture by Kirby Smith Sept. 3, 1862, marked the high point of the Southern effort to win Kentucky. The Confederates lost the city one month later.

Liston Urges Round-Robin

Champion Touts Clay, Patterson, Johansson

TORONTO (AP)—Champion Sonny Liston, although he said he didn't think the best of them, Tuesday night suggested a heavy-weight round-robin series involving himself, former champions Floyd Patterson and Ingemar Johansson and brash Cassius Clay.

Liston, appearing on Canadian television, said the best idea would be for promoters to match him against Johansson and Patterson against Clay.

The winners of these two bouts would then meet for the title, he said.

Liston ran all three of them down, however.

He said he doubted the public could be sold on a rematch with Patterson following his one-round knockout of the former champion.

"People listen to his mouth, but they don't watch him fight," Liston said of Clay, the talkative challenger whose last victory was a "call-your-shot" fourth round KO of ancient Archie Moore.

"Johansson is the outstanding boy right now," said Liston, but he said he didn't think the Swede would last two rounds against him.

The champion said he did not doubt that a \$1 million offer by Johansson's advisor, Edwin Ahlquest, to meet the Swede in Stockholm was legitimate.

"Ahlquest has that kind of money and even if he doesn't, Johansson could put it up himself," said Liston. "He was rich when he came over here and he got richer."

Liston said another obstacle to a rematch with Patterson is the money owed him from the first fight. He said the promoters failed to live up to their contract by paying him half his purse—\$185,000—within 48 hours of the fight. He got only \$100,000. The other half was to be held in escrow pending the second fight.

The U.S. government seized the receipts because of tax problems. Liston said Clay has yet to prove his right to a title bout. He said he thought Clay would draw well against Patterson, however.

The Long Rifles were frontiersmen from the time of Daniel Boone to that of Andrew Jackson.

Three-Team Race Developing In SCO

Although a new South Central Ohio League basketball season has passed only its one-quarter mark, it is becoming increasingly apparent that the three powers of the past two years will again stage a battle for the championship.

The Wilmington Hurricane, which has rolled to six consecutive SCO titles, had its 31-game league winning streak snapped last week, but still held on to a first-place tie with Hillsboro's Indians, both 2-1.

Miami Trace's Panthers are the third contender, with a 1-1 slate for a third place tie with three other squads.

The Hurricane had copied two straight SCO crowns with perfect 14-0 records while winning 31 loop games in a row. The Indians were second to the Hurricane two years ago and finished third last season. The Panthers finished third two seasons ago and moved up to second last year.

Wilmington's 61-59 upset by Greenfield last Friday was the Hurricane's first SCO defeat since Feb. 12, 1960. Wilmington won one game at the end of the 1959-60 season, copied 14 straight tilts in each of the next two seasons and won its first two contests this year before finally reaching the end of the streak.

The Hurricane will attempt to start a new skein Friday when they travel to Pleasant View in one of the four league games. Hillsboro entertains Franklin Heights, Miami Trace hosts Cir-

cleville and Greenfield journeys to Washington C. H. to complete Friday's full league card. In Saturday's only action, Washington C. H. travels to Wilmington.

FOLLOWING Wilmington and Hillsboro in the SCO standings are: Miami Trace (1-1), Pleasant View (1-1), Greenfield (1-1), Circleville (1-1), Washington C. H. (1-2) and Franklin Heights (1-2).

Four teams—Miami Trace, Pleasant View, Greenfield and Circleville—have played one less game than the other four, because their games were postponed Dec. 14 when a blizzard made traveling too hazardous.

In last Friday's league games, Greenfield upset Wilmington 61-59, Miami Trace bombed Hillsboro 75-58, Circleville shaded Washington C. H. 58-57 and Pleasant View topped Franklin Heights 69-59.

Four league teams copied wins and two more dropped decisions in heavy non-loop action Saturday. Wilmington nudged Miami Trace 72-71, Hillsboro topped Pickett 67-61, Miami Trace punished Madison South 74-34 and Circleville clobbered Reynoldsburg 69-44. Washington C. H. was downed 67-56 by Teays Valley while Franklin Heights bowed to Columbus West 83-46 for the two losses.

In team statistics, Miami Trace is leading the league in offense, with 132 points in two games for a 66-point average, while Wilmington tops the defensive figures, allowing 162 points in three tilts for a 54-point average.

Pleasant View is second in offense, with 125 points in two games for a 62.5 average, while Washington C. H. is runner-up defense, permitting 170 points in three tilts for a 56.7 average. Wilmington and

Hillsboro are third and fourth in offense and Hillsboro and Greenfield are in the same positions in defense.

MIAMI TRACE'S Carl Weaver continues to pace the individual scorers by pouring in 52 points in two contests for a 26-point average. Pleasant View's Jon Warden, with 43 markers in two tilts and a 21.5 average, is second. Others in the top five in scoring and their averages are: Tom Townsend (Washington C. H.), 17.0; Tom Doyle (Greenfield), 16.5; and Jerry Roberts (Wilmington), 16.0.

The SCO teams are still faring poorly against non-league opposition. They have won only five of 17 games. Franklin Heights has been the most frequent contributor to the losing column, dropping all four non-loop tilts. Miami Trace (1-0) and Circleville (2-2) have accounted for three of the five victories by loop schools.

SCO Standings W L Pts. Opp. Wilmington 2 1 187 162 Hillsboro 2 1 177 172 Miami Trace 1 1 132 118 Greenfield 1 1 114 115 Circleville 1 1 107 122 Pleasant View 1 1 125 125 Washington C. H. 1 2 172 170 Frank Heights 2 1 158 190

Zephyr '5' Is Moving Like Wind

By THE ASSOCIATED PRESS
The Chicago Zephyrs if you'll pardon the expression, are moving like the wind. For the Zephyrs, anyway.

The newest team in the National Basketball Association won its third straight game—the first time Chicago has ever won three in a row—Tuesday night 113-110 over the Detroit Pistons.

The Zephyrs, in third place in the Western Division by percentage points over the Pistons before the game, moved a full game ahead of Detroit, which absorbed its fourth straight loss and fell into the cellar.

In the second game of a Madison Square Garden doubleheader, the New York Knicks ended a three-game losing streak with a 103-102 decision over the Cincinnati Royals.

In San Francisco, the Warriors, who had lost 14 of 15 previous starts, moved out of the Western Division cellar with a 130-110 victory over the St. Louis Hawks as Walt Chamberlain clicked for 61 points.

NEVER TOO OLD—The bowlers, all ages, are with us again as the sport continues its popularity pull. Here is Anna Newman of Chicago, who is 80 years old, and she bowls in two leagues and has a high game of 165 for this season.

Davidson '5' Shows Power

Cincy Foe Upsets Second-Ranked Duke

By THE ASSOCIATED PRESS
Cincinnati's top-ranked college basketball team had better watch out. The upset-hungry Davidson Wildcats may be loaded for Bearcat.

It's a sure thing Cincinnati, which has won 24 in a row and has a date with Dayton Thursday, will be more respectful when the teams meet on the Bearcats' court Saturday.

Because, Tuesday night, Davidson turned in one of the major upsets of the young campaign by knocking off second-ranked Duke 72-69 at Charlotte, N.C.

The setback was the Blue Devils' first in seven games and lifted Davidson's record to 5-1. Duke had won 52 of the 59 previous meetings between the teams including one by a 76-68 count three weeks ago.

Fred Hetzel and Bill Jarman sparked a tremendous team effort. Hetzel scored 27 points and Jarman 21. Art Heyman and Jeff Mullins each had 21 for Duke.

In other top games, sixth-ranked Colorado defeated Creighton 76-55; Vanderbilt routed Louisville 95-72; Memphis State upset Minnesota 78-70; UCLA beat Butler 81-68; Wake Forest came from behind to defeat Virginia 78-73; Oklahoma trounced Texas Tech 85-62 and Stanford edged Oregon 54-51.

Elsewhere, Tulsa set a school scoring record in defeating Adams State College of Colorado 107-54 at Tulsa; Oklahoma City downed North Texas State 79-63 at Denton, Tex.; Cornell romped over Syracuse 93-77 at Ithaca, N.Y.

At Worcester, Mass., Holy Cross walloped St. Anselm's 85-64 and Rhode Island ran up its highest score in a decade while trouncing New Hampshire 121-92 at Kingston, R.I.

Gilchrist Wins Top Honor In New Grid Loop

NEW YORK — Cookie Gilchrist, a traveling man who was the first player to run for 1,000 yards in the American Football League, is the Player-of-the-Year in the three-year-old pro loop.

An Associated Press committee of writers and broadcasters from the eight league cities named the 243-pound fullback of the Buffalo Bills Tuesday.

"That's wonderful. The man deserves it," said Bills' coach Lou Saban.

Gilchrist spent nine years in Canadian football, playing with five teams in three leagues, before he found a home with the Bills last season.

"He helped bring the Bills from the bottom to near the top," said Saban.

The bruising fullback, now 27, went directly from high school to the Canadian League in 1954, when he was 19. He was finally waived out of that league by the Toronto Argonauts, with a reputation of being hard to handle.

The Bills reportedly paid him \$20,000, and got their money's worth. Saban said Gilchrist has not signed his 1963 contract, and the honor "only makes it more difficult."

Gilchrist received 13 of the 24 votes cast by the AP committee. Len Dawson, the 27-year-old quarterback who led the Dallas Texans to the Western Division title, drew eight votes for second spot.

Oberlin Gives Big Scare To Wesleyan '5'

By THE ASSOCIATED PRESS
Ohio Wesleyan's Battling Bishop basketballers, perhaps eyeing their upcoming eastern swing a bit prematurely, nearly tripped over a bunch of Yeomen Tuesday night in their bid for a repeat Ohio Conference regular season crown.

The Bishops just had enough stuff to nose out Oberlin 51-48 in O.W.U.'s own hardwood in Delaware. It put Ohio Wesleyan at 5-0 in the conference standings, knotted with Wittenberg (5-0) and Akron (4-0).

OWU shoves off for games at St. Peter's and Fairleigh Dickinson in New Jersey this Thursday and Saturday, thence to Baltimore for a Dec. 28-29 carnival.

Oberlin's Yeomen waved them anything but a timid bon voyage. The Yeomen (now 0-3 in the OC) rolled into a 36-29 lead early in the second half, then after a sea-saw exchanged took a 48-47 edge with 1½ minutes left. Ray Slabaugh was the man of the hour for OWU, sinking two free throws to recapture the lead, then clinching the verdict with a last-second fielder.

That was the feature of a slim Ohio collegiate slate on which Heidelberg barely turned back winless Bluffton 73-69; Cedarville trimmed Indiana Tech 87-75, and Marietta lost 77-61 in an out-of-state sojourn to California (Pa.)—which snapped a five-game losing streak at the Pioneers' expense.

Denver Coach Honored By AFL

NEW YORK (AP)—Jack Faulkner, an assistant to Sid Gillman for 13 years at Cincinnati, San Diego and Los Angeles, made good on his own with the Denver Broncos in 1962 and today was named Coach-of-the-Year in the American Football League. The selection was made for The Associated Press by a committee of sports writers and broadcasters from the eight league cities.

Although the Broncos faltered in the stretch and lost five in a row after winning seven of their first nine games, Faulkner did a man-sized job in his first year at Denver.

Wins At Big Odds

LOUISVILLE, KY. (AP)—Jockey Frank Callico rode only two winners during the first week of the fall meeting at Churchill Downs, but he was the most popular man in town with long shot betters. His winning horses were Bright Prince, which returned \$199.40 on a \$2 ticket, and Sequent, which paid \$194.40.

Cuba Loses Another

DES MOINES, Iowa (AP)—A Des Moines man notes that in a recent football game between two Illinois high school teams the score was: Havana 7, Cuba 6. And he adds: "There wasn't a Castro in either lineup."

Packers Dominate Statistics In National Pro Grid Loop

NEW YORK (AP)—The Green Bay Packers failed to lead the National Football League in either total offense or defense but dominated the final team statistics by finishing first in 11 offensive and four defensive categories.

The New York Giants, who meet the Packers in the league

championship game, Dec. 30 at Yankee Stadium, showed the way in total offense. Detroit, which lost the Western crown although it was the only team to beat the Packers, led in total defense.

Green Bay piled up most first downs rushing (145), net yards rushing (2,460), average yards per rush (4.7), pass completion percentage (60.1) total touchdowns (53), touchdowns running (39), extra points (52) and total points (415).

Vince Lombardi's club also showed the way with fewest passes intercepted (13), least yards interceptions returned against (122) and most total first downs (281). The first downs set a league record, breaking the 278 set by Los Angeles in 1959.

On defense the Packers allowed the fewest points (148), the fewest first downs passing (94), the least net yards passing (1,746) and had the most interceptions (31).

The Giants captured the total offense title with 5,005 net yards rushing and passing. They had the most TD passes (35) and lost the fewest yards attempting to pass (139).

Philadelphia again topped them all in passing yardage with 3,385 yards.

The rock-bound Detroit defense that shook up the Packers allowed only 3,217 yards and also led in rushing defense by giving up only 1,231 yards.

Steers Take Aim At League Title

By The Associated Press
This seems to be break-up time in the American Basketball League with three hot-shots steering the Kansas City Steers toward another first place finish.

Bill Bridges, Gene Tormohlen and Larry Staverman, each of whom has taken turns triggering the Steers to victory, formed an unbeatable trio Tuesday night as they rallied Kansas City to a 119-106 triumph over Philadelphia in the only ABL game scheduled.

It was the Steers' sixth straight victory and it stretched their lead to two full games over runner-up Long Beach.

Bridges wound up with 35 points, Tormohlen with 31, and Staverman with 22.

Turkey Dinners Slated At State Institutions

COLUMBUS, Ohio (AP)—Some 47,000 pounds of poultry, most of it turkey, are being prepared for Christmas dinners at Ohio's 37 mental hygiene, juvenile and correctional institutions.

Turkey is to be the main course in most institutions, although correctional institutions generally prefer frying chicken. There also will be dressing, cranberry sauce, potatoes, green vegetable, salad, mince meat pie, milk and coffee for 46,000 patients and inmates.

Compressed air for tunnel construction was first used in the United States in 1879.

IT'S SO EASY TO PLACE A WANT AD

MARRY ME OR JUMP OUT!—John J. Morgenthau and fiancée Phyllis Ann Waller sit happily in his plane in St. Louis as he is queried about this ad in the "personals" column of the St. Louis Post-Dispatch. "Official flight log: Piper Comanche N3027P. Pilot in command: John J. Morgenthau. On this date, the 9th of December, 1962, at 3:00 p.m. CST, while en route from St. Louis to Jefferson City, on a magnetic heading of 235 degrees, at an altitude of 4,500 ft., at a position over New Melle, Mo., Miss Phyllis Ann Waller, 25, red hair, 5-8, 120 lbs., (sweet, beautiful and talented), consented to be my bride, after having been given the choice of marrying me or jumping out."

2 Mothers, 2 Children Die In Crash

COSHOCOTON, Ohio (AP)—Holiday-season tragedy, in the form of a highway crash, took the lives of two young mothers and two preschool children Tuesday.

For relatives of the four Killbuck, Holmes County, victims, the Christmas season has lost its glow. That's true too for a Canton truck driver, who must carry with him the sickening mental picture of the accident that occurred on U.S. 36 at the Ohio 76 intersection a mile northwest of here.

Sheriff William Hoop Jr. said Leroy Ulrich, 36, of Canton was driving his semitrailer outfit along U.S. 36 when an auto carrying the four doomed persons and another child pulled out into his path. The impact wrecked the car and sent the truck reeling over a bank. Its trailer remained on the road and was hit by an oncoming car, injuring two Coshocton men, one seriously.

Those who perished were Mrs. Eileen F. Berry, 24, apparent driver of the ill-fated car; her two children by a former marriage, Donna DeLor, 5, and Michael Francis DeLor, 3, and Mrs. Jeanne Schanauer, 27.

Mrs. Schanauer's son, Donald, 3, survived. He was taken to Coshocton Hospital with a leg fracture.

Mrs. Schanauer and the DeLor children died either en route to or shortly after arrival at Columbus hospitals.

Also in Coshocton Hospital, with a broken leg and possible skull fracture, was Martin West, 27, a passenger in the second car. Larry Michael, 19, who was driving that auto, and Ulrich escaped with minor injuries.

Ohio Harvest Is Pegged At 1960 Level

WASHINGTON (AP)—Crop production for Ohio this year has been announced by the Agriculture Department. The general report issued by the department said total crop production this year matched the record level of 1960 despite the smallest acreage in modern times.

The Ohio production figures for 1962:

Corn for grain: 2,663,000 acres harvested, 76 bushels per acre and production of 202,388,000 bushels.

Winter wheat: 1,209,000 acres harvested, 32 bushels per acre and production of 38,688,000 bushels.

Oats: 833,000 acres harvested, 38 bushels per acre and production of 48,314,000 bushels.

Soybeans for beans: 1,808,000 acres harvested, 23.5 bushels per acre and production of 46,104,000 bushels.

Tobacco: 14,900 acres harvested, and production of 25,114,000 pounds.

Sugar beets: 25,000 acres harvested, 16.6 tons per acre and production of 415,000 tons.

Apples: 3,700,000 bushels.

Potatoes: 2,626,000 bushels.

In its separate tobacco report, the department listed as part of a bumper barley crop Ohio's 18,020,000 pounds of Type 31 produced on 10,600 acres, an average yield of 1,700 pounds per acre.

For the other Ohio tobacco, Type 42-44 Miami Valley cigar filler, the figures were 4,300 acres harvested at 1,650 pounds per acre for a total of 7,095,000 pounds.

Accused Bank Robber Enters Innocent Plea

COLUMBUS, Ohio (AP)—A man arrested in a Columbus bar by FBI agents last month has pleaded innocent to charges of bank robbery and conspiracy to rob a bank.

The man, Richard Lee Bostic, 27, appeared before Judge Mell G. Underwood in U.S. District Court Tuesday.

Bostic was arrested Nov. 13, the day a federal grand jury returned secret indictments charging him and Truman Herman Webb, 34, with the April 26, 1961, robbery of \$11,683 from the Kinkerville office of the Park National Bank of Newark.

Webb, from Brownsville, Ky., but formerly of Columbus, pleaded guilty to the robbery and conspiracy to rob charges earlier this month in U.S. District Court. Judge Carl A. Weinman ordered an investigation by probation officers before sentencing Webb.

In the Kinkerville robbery, two persons wearing white coveralls and with nylon stockings pulled over their heads forced a vice president to open combination locks on two inner compartments of the vault and fled with the money in a stolen car.

Forgery Suspect's Hearing Continued Until Later Date

WILMINGTON — One of three men charged with forgery in the passing of a worthless \$20 check at the Shesher Ten-Cent Store here pleaded guilty on arraignment Tuesday in Wilmington Municipal Court.

He was Richard Stewart, 22, Rt. 1, New Vienna. Steward was bound to the Clinton County grand jury and held in the county jail in lieu of \$200 bond.

Arraignment of the other two, Fred Blevins, 19, Rt. 6, Washington C. H., and Paul Spurlock, 19, Rt. 1, Sabina, was continued indefinitely.

The offense allegedly occurred Nov. 26. The three were arrested Friday night in Warren County.

New Air School Started At Base Near Dayton

DAYTON, Ohio (AP)—Ground-breaking ceremonies were held Tuesday for the Air Force Institute of Technology's new school of engineering at Wright-Patterson Air Force Base. Gen. Curtis E. LeMay, U.S. Air Force chief of staff, headed a list of dignitaries on hand.

Your Horoscope

The Stars Say—By ESTRELLITA

For Tomorrow

TOMORROW'S horoscope holds promise of great happiness. Home and job matters should be running fairly smoothly now, so forget them for the time being and enjoy the day.

Inadvertently some associate may be able to help you solve a difficult problem.

For The Birthday

If tomorrow is your birthday, your horoscope indicates that, despite reverses, this new year in your life should bring some extremely happy situations, especially where your personal life is concerned.

Except for brief periods in August and September, domestic and social matters should run smoothly. During these months keep stern control over the emotions and, no matter

how irritating others may be, don't lose your temper. It won't be worthwhile.

Happy Outlook

The period between late June and early September shows bright prospects for travel, and romance will be governed by extremely generous aspects in late May, early June and mid-September.

The year does not promise much in the way of a higher income, but there will be some chances for advancing occupationally and financially—especially during July and September. Take advantage of helpful planetary influences then and be ready to act.

A child born on this day will be endowed with the qualities needed for success as an interior decorator or artist.

Republicans Eye Equal-Time Bid

WASHINGTON (AP) — Republicans were in a quandary today about whether to ask the radio-television networks for equal time to answer President Kennedy's broadcast Monday night on the events of his two years in office.

The GOP difficulty, as explained by a party spokesman, was not whether the networks would grant them an hour's time but how they would fill it if they got it.

About the only single individual the Republicans could produce for such a program would be former President Dwight D. Eisenhower. There is reluctance in party quarters to call again on the former president for such a task at this time.

IT'S SO EASY TO PLACE A WANT AD

Reds Foil 10 Of 11 Escape Tries

FRANKFURT, Germany (AP)—Border guards of Communist East Germany manage to foil 10 of 11 attempted escapes for every successful flight through the walled and barbed wire border around West Berlin.

That was reported today by Bruno Krajewski, a former East German major who 10 days ago made a dramatic escape in an inflated rubber boat with his wife, 9-year-old daughter and two friends.

Krajewski, who had the job of investigating escapes and advising how to tighten the border, said most arrests were made in the controlled area behind the border. "Relatively few people are caught on the barbed wire barricades themselves," he added. "Most people who get that far manage to get away."

He said chances of a successful escape are steadily dwindling. He discussed the border situation with newsmen at a news conference arranged by Western security authorities under whose protection he has been since his escape.

Aide Says Pope Makes Progress

VATICAN CITY (AP) — A spokesman said today Pope John XXIII was continuing to make steady progress.

The 81-year-old Roman Catholic pontiff became seriously ill three weeks ago today. He was reported suffering from a stomach ailment and anemia. He has gradually begun to resume his activities.

A spokesman said Dr. Antonio Gasbarrini, the Pope's physician, saw the Pope Monday night. Gasbarrini will see the Pope once more before returning to his home in Bologna on Friday, the spokesman said.

7 Children Felled By Fumes In Hamilton

HAMILTON, Ohio (AP)—Seven small children of two sisters were overcome by fumes from a defective water heater Tuesday, but all were released after treatment at Mercy Hospital.

The mothers, Mrs. Nancy Herd, 19, and Mrs. Mary L. Ledford, 24, called the fire department when they and the children began feeling ill. Mrs. Ledford has five children and Mrs. Herd two.

The three great contests between Rome and Carthage for supremacy in the Mediterranean were called the Punic Wars.

Six Persons Hurt In Auto Accidents

Two major automobile crashes in rural Fayette County Tuesday afternoon sent six persons to Fayette Memorial Hospital.

Three of the more seriously injured were admitted for further treatment.

Sheriff's Deputy F. H. Perone said a car driven by Janet H. Henslee, 45, Springfield, southbound on Rt. 41, went out of control on a sweeping curve two miles north of Jeffersonville, skidded several feet broadside and plowed into a carload of people traveling in the opposite lane. The mishap occurred about 12:15 p. m.

Mrs. Henslee, according to Perone, suffered 11 broken ribs and a possible skull fracture. She and the driver of the other car, Chris Jacob Bauer, 55, Springfield, and his wife, Arlette, 49, were admitted to the hospital.

Perone said Bauer had a fractured right arm and multiple cuts and Mrs. Bauer a fractured right leg and cuts.

The Bauers' 15-year-old son, David, escaped with minor scratches and another passenger in their car, George Cline, 34, Rt. 4, received minor cuts on his face and chest. They were released after emergency treatment.

Perone said both cars were demolished. He issued no citations.

ABOUT AN HOUR LATER on the CCC Highway, 12 miles east of Washington C. H., a car driven by Ray Eldon Miller, 19, Cook-Yanketown Rd., entered the highway from that road and was rammed broadside by a southbound car. Miller was thrown from his automobile, but escaped injury.

Investigating Sheriff's Deputy Bob McArthur said Miller appar-

ently did not see the second car, driven by Mrs. Imogene Caperton, 38, Columbus. Mrs. Caperton suffered minor bruises and abrasions, for which she was treated at Memorial Hospital and later released, while her 4-year-old son David, was not injured.

McArthur said Mrs. Caperton's car slid approximately 80 feet before the impact. He estimated \$300 damage to her car and \$180 to Miller's. No arrests were made.

CITY POLICE investigated one minor incident about 1 p. m. when cars driven by Jack Allen Cyrus, 25, of 1132 Gregg St., and John V. Stowe, 51, Columbus, collided while one of them was turning into an alley in the 400 block of E. Market St.

Patrolman Dean Cox estimated damage to Stowe's car at \$50 and none to the other. He made no arrests.

CONTRIBUTE TO HOSPITAL—These members of Washington C. H.'s Eagles Auxiliary, No. 423, presented a \$50 check to Miss Christine Evans, Fayette Memorial Hospital administrator, Tuesday. The check will go into a fund for the purchase of wall-mounted lights over 67 patients' beds. The lights will serve as a safety aid among other purposes, Miss Evans said. From left are Mrs. Delbert Walters, Auxiliary president, Mrs. George Hildreth, hospital chairman, Miss Evans and Mrs. Dorothy DeWitt, Auxiliary vice president.

Food Handlers Should Get '63 Licenses Now

Only a small number of Fayette County restaurant operators and others licensed under the state food service law, have made application for their 1963 licenses which they must obtain at the Fayette County Health Department in the Courthouse.

Any food service operator who has not acquired a new license by Jan. 1 is subject to a fine of \$10 per day for each day of violation. Licenses have been ready at the Health Department for some time, and food dealers are being urged to get them immediately.

Christmas Program Is Sunday Evening

BLOOMINGBURG—The Methodist Church will have its Christmas program at 7:30 p. m. Sunday.

Both the senior and junior choirs will sing Christmas music. Mrs. Rex Bloomer is the director of the senior choir and Mrs. Loren Noble of the junior choir. Accompanists will be Mrs. Mary Vincent and Mrs. Robert Milburn.

There are 18 feathers in a peacock's tail.

Police Car Bids Opened Wednesday

R. Brandenburg Motor Sales, Inc., was apparent low bidder Wednesday to supply the city with a new 1963 special police cruiser.

Three bids were opened at 11 a. m. by City Manager David Foell. The Brandenburg bid, for a Chevrolet, with two alternates, was \$1,138.88 for one, \$1,063.60 for the other. The alternates were for the type of alternator to be used.

Other bids were: Carroll Halliday, Inc., \$1,145 for a Ford, \$15 more with mechanical valve lifters; and Ralph Hickman, \$1,147 for a Plymouth.

All bids are less the trade-in of a 1962 Chevrolet police cruiser with 30,000 miles on it purchased early this year.

The bids will be presented to City Council next Wednesday night for contract award authorization.

Special Church Service

A special service will be held at 7:45 p. m. Friday in the Church of God, Harrison St. The Rev. Sam McConhey of the Springfield church will deliver the sermon. He will be accompanied by the congregation of his church.

Legion Christmas Party Guest List Expected To Exceed 350 This Year

There's still a lot to be done to get ready for the Christmas party the Paul H. Hughey post, American Legion, will give for the less fortunate boys and girls of the Miami Trace and Washington C. H. Elementary schools in the Legion Hall Friday afternoon.

But, already one thing is certain: Christmas will be brightened for more than 350 youngsters for whom the day might have been drab and dreary otherwise.

Plans had been made originally for 150 children from the city and 150 from the rural area, but Monday the invitation list, prepared by the Legion in cooperation with the schools and county Health and Welfare departments, had grown to 342 and still more are expected.

THE PARTY will start at 2:30 p. m., right after school is dismissed for the holidays. Members of the Parnet - Teacher organizations are being counted on to bring the Miami Trace school children to the hall and take them back home. Most of the children in the city schools can walk to the party, but many probably will have to be taken home after the party.

Although the Legion will have toys for all the kiddies, which will be distributed by Santa Claus from beneath a huge gaily decorated tree, the party will have its more practical side, too.

Each youngster will be given a pair of good warm gloves; the Legion has ordered 150 pairs and has arranged to get more if the invitation list continues to grow.

THOSE WHO NEED clothes and shoes to take them through the winter's cold weather will be given orders which they will take to a local store to be filled. The Health Department, with an assist from the Welfare Department, is making out the list of children who need clothes and shoes and what they need, in which sizes.

The clothing, shoes and gloves

all will be new, but the stores have agreed to let the Legion have them at cost. But even at that, Dr. Charles F. Pfersick, chairman and dynamo, said it will take a lot of cash.

The Legion has received a \$500 contribution from the Eymann Trust and about \$275 from several individuals, Dr. Pfersick said. "But this will not be enough... contributions of money are really needed," he added.

Many used out still serviceable toys have been left at the Legion hall where Legionnaires have reconditioned them to look like new. But there are not nearly enough to go around. Francis Morgan is in charge of this phase of the party.

TO AUGMENT the used toys, the Legion has purchased more than \$600 worth of new toys. Dr. Pfersick and Cecil West went to Dayton with a pickup truck to get them Wednesday morning.

Dr. Pfersick explained that while the children need many things, Christmas just would not be Christmas without toys. "All kids like to get toys at Christmas and those who will come to this party are no different from those in more fortunate families," Dr. Pfersick said.

While Santa is distributing the toys, gloves and clothing orders, his helpers will be giving the boys and girls oranges and possibly some candy contributed by food markets. To top it off, there will be ice cream from the Cudahy Co. and cakes from the Pennington Bread Co.

Dr. Pfersick said help will be needed to get everything in readiness for the party Thursday night and added that volunteers need not be Legionnaires. Volunteers also will be needed to take some of the little guests back home after the party, he said.

THE FIRST Legion Christmas a

party was held in 1949 when Dr. Pfersick was post commander. There were only 25 youngsters at that one. But the guest list has grown every year since then because the party filled a need.

The originator of the party admitted "it's getting pretty big, but everything seems to be under control."

And under control it has been every year, with every phase of it moving along smoothly and right on schedule. What's most important is that more than 300 kiddies have a Merry Christmas.

Portsmouth Nun Named To State Nurse Board

COLUMBUS, Ohio (AP)—The State Board of Nursing Education and Nurse Registration has a new member, Sister Mary Eudes. She replaces Sister Mary Laurence of Zanesville, whose term expired.

Sister Eudes, from Portsmouth and presently director of St. Elizabeth School of Nursing, Youngstown, received the state appointment from Gov. Michael V. DiSalle.

MEMO... Martie
Wednesday, December 19, 1962
Dear Folks:
You know when I planned my Christmas buying, I looked and found so many beautiful things I couldn't resist getting such as beautiful jeweled sweaters with evening bags to match. Then there are the Sheffield watches - so unique - so beautifully designed - at a very low price - with a full guarantee.
The Garland sweaters have their lovely matching skirts of gorgeous hues.
The very unusual jewelry in crystal, gold, silver and stones changes your entire outfit.
I normally don't carry coats but Lilli Ann this year tempted me so -- I have bought and reordered several times and I just had a new shipment to arrive - red, honey, green & black coats with luscious fur collars.
Plus the smooth well fitted knit suits & dresses and the gold and silver lame' holiday and cocktail style dresses.
Oh -- and don't forget our Martha's Miniatures darling play clothes - attractive snow suits, sizes 12 mo. to size 4.
Our holiday dresses in velvet - teens and fancy cottons are just the thing for your little ones.
Be sure to stop in and see us.
